

O. G. BARRETT OUTLINES TAX ASSESSMENTS

HAS HELP OF ILLINOIS AGRICULTURAL ASSN.

"Fair Assessment" Is Only Aim of Farm Bureau Says Adviser

Two very interesting meetings were held the past week under the auspices of the Cook County Farm Bureau, at which time the tax situation was discussed by O. G. Barrett, the farm adviser of Cook county. The meeting at Heine's barn Saturday night in Schaumburg township was attended by a fair number of interested farmers as well as was the meeting at Arlington Heights on Monday night. Mr. Barrett first advised the group that he was not a tax expert and that there would be many questions that they might ask which he was positive that he could not answer. He struck his lighter vein just a few times, once to remark in the above connection that he did not know anything about anything except agriculture and not very much about that. He did, however, point for those present a very fair picture of the tax situation and the reassessment proposition here in the county. He asked the question "why this reassessment?" and then he proceeded to answer the question by saying that the tax commission is an institution built for the purpose of eliminating inequalities and unfairness in assessment values for taxation purposes.

He cited illustrations to show some of those inequalities. One of a building in Chicago which is reported was on the assessment roll at one million dollars, built less than five years ago, on which two bond issues were spread, the first for seven million and the second for one and a half million. He said he was sure that none present questioned but what there were inequalities and he said that he was sure that none present would question the advisability of eliminating these inequalities. It took this order of reassessment to bring about the elimination of these inequalities. Not only that but it took an act of the legislature to require the authorities to conduct that reassessment after it was ordered by the commission.

"Now," Mr. Barrett says, "it is our job to see to it that when this job is completed and the smoke has cleared away, that there are not the inequalities existing, not between individuals in the same neighborhood, but inequalities between neighbors or between improved properties and farm lands. It is our job to bring to the attention of the proper authorities, the information as to the real value of these farm lands. It is our business to show them that our farm values must not be guessed at by realtors or speculators and evaluations put on them by people who do not comprehend or know the value of an acre from its productive standpoint."

Mr. Barrett said that it was impossible for him to give in detail a complete program which the farm bureau would carry out, that they were working hand in hand with the Pure Milk association and were studying this proposition from every angle. He said the committee made up of President D. A. Neifeldt, of Chicago Heights; Arthur Mason, of Flossmoor; and Mr. Albert Landmeier, of Elk Grove township, were working with Mr. Watson, the statistician and Donald Kirkpatrick, attorney, for the Illinois agricultural association and are also having the very valuable assistance of such men as Harry Pearson, ex-mayor of Evanston and large land owner in Wheeling township and John Carroll, secretary of the Illinois Holstein-Friesian association and president of the Hyde Park state bank as well as large land owner in Palos township, Arthur T. McIntosh, of Palatine and such others as can aid in this solution.

Mr. Barrett said that they are trying to see to it that a stone was not left unturned and from time to time were meeting with the board of assessors, with Mr. Cutmore and with Mr. Malone of the state tax commission. Announcement as to developments will be made public just as rapidly as possible.

Up to this point they have one definite plan in mind and that is first of all, before any property owner can proceed intelligently, he must know his new assessment figure and the farm bureau has arranged to procure that for its members and non members alike.

Mr. Barrett stated quite emphatically that for this service of getting the new assessment figures, the farm bureau member was paying by way of his membership. If the non-member felt that he wanted to and it was his choice to hand in fifty cents, or a dollar, or five dollars, so that he would feel that he was a part of this thing, they would accept it, but he said with more than usual emphasis, that he did not want anyone to feel that they had to contribute, not one nickel.

The attitude was expressed from the floor, after Mr. Barrett was thru, that the farmers certainly thought that the farm bureau was proceeding in a safe and sane manner and should be complimented for the very fair and fine manner in which it was offering to take care of members and non-members alike.

In being interviewed after the meeting, Mr. Barrett informs the Herald that tax receipts are rolling into the farm bureau office and that it has been necessary to have help in their tabulation before they are turned over to the reporting bureau, with whom arrangements have been made to get for the organization the new assessment from the assessor's books at the very earliest moment that such books are available. Mr. Barrett further states that as yet, he is able to receive the tax receipts, or property descriptions and will do so as long as it is possible.

To Pupils Planning On High School

The Arlington Heights Township High School will be open for the enrollment of Freshmen pupils on Tuesday, September 3. Upper classmen, Sophomores, Juniors and Seniors, should not report until Wednesday, September 4. All eighth grade graduates residing within the high school district, or any of those living in non-high school territory, are invited to register on Tuesday, September 3. The building will be open at 8:15 a. m., registration will begin at 8:30. The high school offers to Freshmen pupils their choice of a regular four year course leading to graduation, or a two year Commercial course which does not carry credit for graduation. This course should not be confused with the regular four year Commercial course of the high school which carries full credit toward graduation. The two year Commercial course is intended only for those pupils who cannot attend high school more than two years and who desire some commercial training during that time. A capable, experienced teacher will be in charge of this course and the instruction will be as thorough as can be given in the first two years of high school, but it cannot be made the equal of the four year Commercial course.

Pupils living in non-high school territory (that is, territory not included in any high school district) may select the high school which they prefer to attend and their tuition is paid through the county superintendent's office from the tax levied on non-high school territory. All pupils from non-high school territory living within a reasonable distance of Arlington Heights, are invited to attend this high school and are assured most careful and courteous attention.

V. I. BROWN, Principal, Arl. Hts. Twp. H. S.

INVESTIGATE LOCAL TAX SITUATION

Leading Organizations' Committees to Get Going Tonight

The Arlington Heights Business Men's Association has appointed a committee to investigate the tax situation in Wheeling township. The committee consists of A. F. Volz, chairman, and other members as follows: W. F. Meyer, Jr., Walter Krause, Jr., Fred O. Miltzer, F. H. Lorenzen, and James A. Keiser. Mr. Volz has been state representative, and known for his unusual grasp of public affairs. Mr. Meyer is former postmaster, and secretary of the Business Men's association as well as of this committee. Mr. Lorenzen was intimately connected with the assessors' office for a number of years. Mr. Keiser is president of the Business Men's association, and Mr. Miltzer is well known for his civic activities. Mr. Krause is an expert in real estate appraisal.

The committee has invited the Chamber of Commerce of the village of Wheeling to meet with them this evening at the club rooms at 7 West Davis Street, also the Major Activities committee of the Arlington Heights Lions club, consisting of Otto Landmeier, hardware merchant and owner of considerable real estate, chairman; Village Trustee George Klehm; Hugo J. Thal, village attorney; Walter Boireau, Eugene Heller, and Julius D. Flentje, former president of the village board.

It is expected to lay plans and formulate action at the meeting tonight. Subcommittees will be appointed and counsel engaged.

The truth of the local tax situation will be definitely determined, according to a spokesman for the business men, and action taken accordingly.

The uneasy feeling of the Wheeling township taxpayers arises considerably from the fact that while the 1927 tax valuation of the township was \$2,936,104, the 37 per cent equalization factor applied to the new appraisal of real estate, about \$5,827,000, amounts to \$19,545,990. It is not so easy to pay taxes on about 19 1/2 million as 3 million of valuation, and this is stirring up this action.

The bureau was proceeding in a safe and sane manner and should be complimented for the very fair and fine manner in which it was offering to take care of members and non-members alike.

In being interviewed after the meeting, Mr. Barrett informs the Herald that tax receipts are rolling into the farm bureau office and that it has been necessary to have help in their tabulation before they are turned over to the reporting bureau, with whom arrangements have been made to get for the organization the new assessment from the assessor's books at the very earliest moment that such books are available. Mr. Barrett further states that as yet, he is able to receive the tax receipts, or property descriptions and will do so as long as it is possible.

SEE INCREASED HIGH SCHOOL STUDENT BODY

Seventy-one Freshmen Registered and More May Follow

NEW INSTRUCTORS ENGAGED FOR YEAR

Enlarged Building Ready and All Is Favorable For Year's Work

New Feature Is Lauded by Education Authorities

The Arlington Heights Township High School will open for the 1929-30 school year on Tuesday, September 3. All upper classmen selected their subjects for the coming year last May before the close of school and have already been assigned to classes. Seventy-one freshmen also registered last May but as there are some forty or fifty others who are eligible to enter high school, and as some of those already registered will desire to make changes in their choice of subjects, the entire day Tuesday will be given to the registration of Freshmen only; and Sophomores, Juniors and Seniors will not report until Wednesday, September 4. Seventy-six Sophomores, fifty-seven Juniors, and forty-three Seniors, registered last spring. In addition to these there are several young people who have moved into the district during the summer and who will enroll in one of the upper classes. Principal V. I. Brown estimates the total enrollment at from 275 to 300 or an increase of some 12 per cent to 15 per cent over last year. At least four sections will be required in the freshman year and, in order to group the pupils as nearly uniformly as possible, all beginning pupils will be given a series of brief tests the first day. These tests have nothing to do with the pupils' right to enter high school or their freedom in selecting their course of study but are a great help to the teachers in assigning pupils to the proper classes. These tests will include a test of general knowledge, one in English, and one or more in arithmetic. By grouping pupils in classes of relatively equal advancement it is possible to avoid much of the discouragement and failure of the freshman year.

The local high school has been fortunate in retaining almost all of the teaching staff of last year. Mrs. Esther Blair of the Commercial department was compelled to resign when her husband, Rev. Irvin Blair, accepted a call to Milwaukee, Wisconsin. Mrs. Blair's position has been filled by the election of Miss Gubick of Milwaukee, So. Dakota. Miss Gubick is a graduate of the University of South Dakota, and has had two years of teaching experience in Commercial subjects. She has done graduate work at the University of Chicago.

Mr. James P. Fitzwater, of the Science department, resigned last April to accept a position in the Chicago city system. Mr. Fitzwater's position is being filled by Mr. Enos B. Thornton of Chicago, Illinois. Mr. Thornton is a graduate of the University of Illinois, majoring in Science, and was one of the Science instructors in the University High School at Urbana, last year.

The growth of the school and the introduction of the 2 year Commercial course has made necessary the employment of one additional teacher. This position had been filled, but the teacher in question resigned a few days ago and Miss Gladys V. Conroy, of Delavan, Wisconsin, has been employed to fill the vacancy. Miss Conroy is a graduate of Beloit college, followed by work at the Gregg school. She has taught one year at Sibley, Ill., and two years at Loda, Ill.

With the completion of the addition to the high school building and the new equipment in the various departments, the high school opens this year under the most favorable conditions that it has enjoyed for some time. We understand that a general invitation to the public to visit and inspect the new quarters will be issued within a short time after the opening of school—the exact date has not yet been determined.

LUTHERAN SCHOOL TO OPEN TUES.

The Lutheran school in Arlington Heights, will open Tuesday, Sept. 3, the day after Labor Day. The largest enrollment in the history of the school is expected. Forty-five new pupils, according to prospects, will enter school this year, of which seventeen are children not attending with the church. School rooms have been put in first class condition. Desks and equipment have been gone over. New maps have been purchased for the 7th and 8th grades. Several new text books are to be introduced in the various grades.

The Teachers

Mr. H. C. Landeck, the principal, will teach the eighth grade; Mr. Kolb, the 7th grade; Mr. Pross, 5th and 6th; Mr. Busse, the new teacher, the 3rd and 4th grade; and Mr. Kranz the primary grades.

The curriculum has been thoroughly rearranged to avoid overlapping between grades.

German Optional

The study of German, both as to language and as a medium for instruction in religion, is optional, not compulsory as some may have supposed.

Mr. C. D. Rugen, a Prominent Glenview Business Man Dead

Mr. C. D. Rugen, a prominent business man and highly respected citizen of Glenview, Ill., where he was born in 1860, died of inflammation of the heart at 6:30 p. m. Tuesday, August 27, 1929, at the Presbyterian hospital, Chicago. The funeral services will be conducted by the pastor, Rev. Bizer at the Evangelical church on Telegraph road, between Glenview and Northbrook, at 3:00 o'clock p. m., Friday, Aug. 30, 1929. Interment at Ridgeview cemetery on Milwaukee avenue.

"We Will" Endurance Fliers Round Out First Week In Air

Russell Mossman and C. E. Steele, flying the Chicago-Washington record for a sustained airplane flight, will have been in the air 168 hours at 11:31 a. m. today (Friday). They took off last Friday at that hour and have been flying since that time without mishap or trouble of any sort. If they can keep on until some time around midnight on Monday, Sept. 9, they will have passed the seventeen and one-half day mark set by a St. Louis plane last month.

Stories printed in Chicago papers Wednesday and circulated over the radio to the effect that the pilots had been having engine trouble are without foundation, Wilson Herren declares.

Mr. Herren, who organized the flight and was to be one of the pilots of the plane, lost his chance when it was decided that two men could get along better than three in the limited space of the Stinson-Detroit cabin and the three pilots flipped a coin to see who must stay behind. Herren was odd man and was obliged to stay on the ground. He was keenly disappointed and his expression still shows that the disappointment when you mention the appointment to him. But he is probably doing as important work on the ground as the two men in the air. There are many things to look after, and he has taken full charge of ground operations and is sticking at the Sky Harbor airport every minute to see that Mossman and Steele get their gasoline and other supplies regularly and without hitch. He frequently goes up in the supply ship, Big Ben, and joins them in a spin through the air. They fly often over this section, circling the towns frequently.

Farmers have reported gasoline coming down on them from the sky, from refueling operations.

Early in the week they found the fuel hose that lowers the gasoline from the Big Ben to the endurance plane cut in several places just before the Big Ben was to hop off for a refueling contact. Whether it was an accident or the work of enemies who wish to hinder the flight they will not say, but since then the refueling ship is carefully guarded while on the ground.

Mossman and Steele are working in four-hour shifts. One pilots the plane for four hours while the other sleeps—or tries to. Then they change off. Many people visit Sky Harbor daily to see the refueling contacts. Mrs. Mossman is staying in Barrington at the Herren home and Mrs. Herren and Mrs. Mossman make daily trips to the field. They take over the mail that comes to the two pilots and send it up to them when their supper goes up at 5 o'clock in the afternoon.

AIRPORT IS STILL BEING CONSIDERED

Lions Seek to Interest the Race Track Management

The proposed airport for Arlington Heights is being worked on by the Major Activities committee of the Lions club, it was reported Tuesday evening at the bi-weekly dinner at the Lutheran school. The committee is now sounding out what interest the race track management wishes to take in the project. Many race fans, it is pointed out, living at a distance, will wish to come by aeroplane.

The land proposed for the airport consists of 160 acres lying nearest northwest of the intersection of Euclid avenue and Elmhurst road.

Magic Pleases

After a fine dinner, and business meeting, a very interesting exhibition of sleight of hand and magic was given by Robert F. Lotz of Chicago, through the kindness of W. H. Boireau. The last trick especially had everybody guessing. While two Lions standing closely held tightly two ends of a rope. Lotz appeared to cut through the middle of it with scissors; then bringing the two loose ends together, and wrapping them around his hands, with "magic powder," magic became invisible, and a "hindu formula," restored the rope as before it was cut, the two lions holding on to the two ends all the while.

LUTHERAN SCHOOL TO OPEN TUES.

The Lutheran school in Arlington Heights, will open Tuesday, Sept. 3, the day after Labor Day. The largest enrollment in the history of the school is expected. Forty-five new pupils, according to prospects, will enter school this year, of which seventeen are children not attending with the church. School rooms have been put in first class condition. Desks and equipment have been gone over. New maps have been purchased for the 7th and 8th grades. Several new text books are to be introduced in the various grades.

The Teachers

Mr. H. C. Landeck, the principal, will teach the eighth grade; Mr. Kolb, the 7th grade; Mr. Pross, 5th and 6th; Mr. Busse, the new teacher, the 3rd and 4th grade; and Mr. Kranz the primary grades.

The curriculum has been thoroughly rearranged to avoid overlapping between grades.

German Optional

The study of German, both as to language and as a medium for instruction in religion, is optional, not compulsory as some may have supposed.

New Tailor Shop Opens In Hagenbring Building

Louis Smith who was formerly employed by Adolph Koehler, is opening Saturday a tailor shop of his own. For some time, he has been doing work in his own home, and he feels that he needs an additional room and facilities of an exclusive shop and has excellent quarters in the Hagenbring building. He is making special prices on dry cleaning for all orders left with him Saturday. Announcement will be found in another column.

TO OPEN NEW BIDS ON BIG SEWER JOB

Hope for Satisfactory Price and Specifications

All contractors' bids for constructing the big sewer system for greater Arlington Heights, having been rejected by the Board of Local Improvements on Aug. 21, and advertisements put out for new bids, the board will convene Friday of next week, Sept. 6, to open new bids and take action accordingly.

Probably a big crowd will be in attendance on account of wide interest in this great improvement.

The low bid of the Spencer, White and Prentiss company of Dechert was not accepted on account of the proposed thickness of pipe walls being not entirely according to specifications; and although the kind of pipe proposed might have been all right from the standpoint of service, attorneys gave as their opinion that it would be illegal to change the specifications; and in that case, the financial settlements could not get by the courts. The second lowest bid was not low enough to allow fully for interest shortages and losses from possible forfeitures for assessments and therefore it was thought proper to get new bids altogether.

Healthy Baby Contest Sunday At County Fair

As in years past, the Cook County Herald will award a cup this year for the healthiest baby, as determined at the Cook County Fair at Palatine by the Department of Health of Cook county. Examination of babies under two years of age will be made by physicians representing the department at from one to three o'clock next Sunday afternoon at the fair.

Babies will be scored on height, weight, posture, nutrition, skin features, freedom from evidence of disease, and deportment.

CHANGE IN BOYS' WORK LEADERSHIP

Mr. Fred Weller Will Be Supervisor In Public Schools

Mr. Fred Weller of Warrensburg, Mo., has been employed by the Board of Education as supervisor of manual training and boys' athletics in the public schools of Arlington Heights in place of Mr. A. G. Askeard, who had been employed but failed to qualify.

Mr. Weller is a graduate of the State Teachers' college at Warrensburg, and he has had considerable experience in boys' work.

School Tuesday

School opened Tuesday, after Labor day, with an enrollment of about 475 pupils for the North and South units. The buildings have been set in apple pie order by the janitors and supplies have been seen to by Superintendent E. D. Whitmore.

Instruction is departmental in the upper grades, that is, teachers specialize, and aim to cover more manual training and sports, and will be Miss Helen Gagstetter, Miss Alberta Welch, Miss Mildred Haftron, Mrs. Lydia Lorenzen, Miss Fern Lorenzen, Miss Bernice Hawley, Miss Nora Mayhew, Miss Virginia Haligus and Miss Doris Clark.

In the South school, will be Miss Irene Russell, principal, specializing in music, literature, art, and playgroup supervision, assisted by Miss Mildred Schneberger, Miss Josephine Mc Laren, Miss Aloise Henning and Miss Dorothy Sott.

ELKS TO PLAY THE BOOSTERS NEXT SUNDAY

Beat Palatine Last Sunday by Score of 10 to 5

The Des Plaines Elks will be the opening ball team at next Sunday afternoon's game with the Arlington Heights Boosters at the east side ball park. Art Dueball will pitch for the Elks; and Finnegan, who was the twirler at last Sunday's winning game for the Boosters, will again pitch for Arlington Heights next Sunday. The game will start at 3 o'clock.

The Palatine Boosters were defeated by Arlington Heights last Sunday on the east side field, by a score of 10 to 5. Arlington Heights got a seven run lead in the first inning. Finnegan and Peter were the battery for Arlington Heights, and Gahlbeck and Sannom for Palatine.

TO OPEN NEW BIDS ON BIG SEWER JOB

Hope for Satisfactory Price and Specifications

All contractors' bids for constructing the big sewer system for greater Arlington Heights, having been rejected by the Board of Local Improvements on Aug. 21, and advertisements put out for new bids, the board will convene Friday of next week, Sept. 6, to open new bids and take action accordingly.

Probably a big crowd will be in attendance on account of wide interest in this great improvement.

The low bid of the Spencer, White and Prentiss company of Dechert was not accepted on account of the proposed thickness of pipe walls being not entirely according to specifications; and although the kind of pipe proposed might have been all right from the standpoint of service, attorneys gave as their opinion that it would be illegal to change the specifications; and in that case, the financial settlements could not get by the courts. The second lowest bid was not low enough to allow fully for interest shortages and losses from possible forfeitures for assessments and therefore it was thought proper to get new bids altogether.

KILLED ON PATH OVER N. W. TRACKS

Steve Brodnan Victim of Dangerous Condition At Factory

Mr. Steve Brodnan, 41, 23 South Evergreen street, Arlington Heights, was killed Tuesday morning as he was going to work over the Northwestern tracks at the factory of the Creamery Package Manufacturing Company.

He and Mrs. Brodnan, who also works at the factory, had driven up in a Ford sedan to Ridge avenue, and the car was parked with others back of the Old People's home. They then walked across the highway and along the well worn path, Mr. Brodnan walking ahead. When she was on the bank ready to step down, Mr. Brodnan was stepping across the left tracks and was hit by an east-bound local train, number 618, due at Arlington Heights station at 5:58, standard time, and driven by Engineer A. J. Gilbertson. The train was making its usual speed of fifty miles an hour at this point, and Mr. Brodnan was instantly killed. The fireman called out to the engineer who was on the other side of the cab that they had struck a man, and the train was brought to a standstill about 1200 feet. Mrs. Brodnan was taken home.

At the inquest presided over by Deputy Coroner John J. Butler of Portage Park at LaGrange and Oehler's Funeral Parlor, the testimony was that four blasts of the whistle had been given as usual just previous to crossing Euclid avenue, the last short blast at the crossing, and at the factory the station whistle had been sounded, also.

The regrettable condition of no street crossing near the factory was commented upon by members of the coroner's jury. No street crosses between North Vail and Euclid avenues. Years ago there was a fence along the railroad property, but it was burned down. Meanwhile the railroad has protected itself by putting up signs, "No Trespassing — Private Property," and the public has used at its own risk this footpath.

The jury returned a verdict of accidental death, but recommended that the railroad put up whistling posts to compel the engineers to whistle when approaching the factory when coming either way.

Mr. Brodnan leaves six children, with ages from 19 to 10 years. The funeral was Thursday morning at St. James' Catholic church. The funeral was at St. James' Catholic church Thursday morning, Rev. Fr. Gall conducting the service. Interment was in the cemetery at Buffalo Grove.

Speaking of the Senate: We are informed by Liggett, Republican National committeeman, that the present Senate consists of "the worst group of men we have ever had there (Senate) in the history of our country." His words are to be taken with a bag of salt, however, as Liggett and the Republicans lost Massachusetts and have never recovered their balance. A sorehead should never be taken verbatim.

Our admiration for Streeseeman grows steadily. The victor in the past fortnight's haggling is not England which receives 59 per cent of it's demands from the other allies, but Germany. Each and every country, France, Belgium, Italy, England, promised political concessions to Streeseeman for his promise to be neutral in the present embroilment over the Young plan. The man who comes off with the largest portion of the pie is not Snowden, but Streeseeman. He secured early evacuation of the Rhine, concessions in the Ruhr district and saved his country many millions.

Who said cats are dumb? A Kenilworth, N. J., man took his prize Maltese to his summer home 210 miles away. The cat did not like the summer resort and walked the 210 miles back to its New Jersey home.

Last week Potpourri mentioned a record golf drive. This week papers record one better. The drive was 158,400 yards, count them. 158,400. The golfer down in Texas where distances are distances, drove a high ball that landed in an airplane taking off from a flying field.

At last it has come. That which cartoonists have pictured for years now has become a reality. One of the oil companies, The Texaco, has established Air Gasoline and oil filling stations. Refueling planes will supply airplanes in all large cities.

Well, next Tuesday parents will begin to do the homework. No we didn't make a mistake. We said parents and we meant it.

Farmology in Tuesday's paper insists that all work and no play makes Jack a dull boy—but goes a long way in making him a successful man. A much briefer way of saying the same thing is: All work and no play makes jack.

We said that the Asiatic Indian was "inferior to the American?" "Mother India" has been our best seller and claims to portray Indian life "as is." It is an ugly picture of immoral life, degenerate living, filth, dirt and ignorance. Indians claimed the book is not a true picture. Katherine Mayo insisted that every incident was true. India saw the futility of protesting and one of her men wrote a book in reply called "Uncle Shame." It is selling speedily in Europe and Asia, is barred in the U. S. It too claims to be an actual picture. But of the U. S. and it outdirts Katherine Mayo. The reader gets the impression that Babylon, fabied wicked city was Paradise in comparison. Yet every picture is taken from American men and literature. Unwilling contributors include every one from President Hoover, to Bernard MacFadden.

No better way could have been devised to show that half-truths are worse than lies.

Boy Scouts Entertain Friday, September 13

Northwest Suburban Council, Boy Scouts of America, will sponsor a reception followed by a program, Friday evening, Sept. 13, at 9 o'clock in Community House, S. Prospect and Courtland avenues, Park Ridge. In honor of the return of Jamboree Scouts of Des Plaines and Park Ridge to promote scouting.

Boy Scouts, parents and friends are invited to make this a gala event.

Scouting, The Committee,

POTPPOURRI Of Sense and Nonsense

We are giving a tip to Paddock Printers to get out about 2,000 signs "This Place Will Close Noon October Eight and Nine" for the world "serious" will be fought in Chicago on those dates and all northwest towns will be about as thickly populated as they were in 1839.

Whether it is the Associated Bartenders Convention or the meeting of the Society for the propagation and protection of pet poodles there seems to be but one topic these days. No convention is complete that does not find place on the program for World peace. Once it was radical and unpatriotic, now the popular latest World Convention is to make this a headline in the International Advertiser in Berlin. The opening speech made it the "tail" Weme when "C. C." said: "We have come to present the credo that human and national differences can be settled otherwise than by appeal to arms." Every day it was sounded in some form or other. So insistent has become the demand for a peace program that even some of the self-confessed world's great newspapers have begun to hedge here and there in their editorial columns. The credit belongs to those who had courage to peel the tocsin when it was the "radical" and "bolshevik" thing to do.

The Senate next month will have before it a bit of important legislation which it is believed will be passed. The bill presented by Senators Norris (Montana) and Blaine would curb labor injunctions. At present judges representing manufacturing interests slap un-American injunctions on all who seek to better labor conditions. This will prevent issuing of injunctions to prevent strikes, to hold up strike benefit payments, to stifle strike publicity and to block strike meetings. Such a bill should have support of all real Americans.

Speaking of the Senate: We are informed by Liggett, Republican National committeeman, that the present Senate consists of "the worst group of men we have ever had there (Senate) in the history of our country." His words are to be taken with a bag of salt, however, as Liggett and the Republicans lost Massachusetts and have never recovered their balance. A sorehead should never be taken verbatim.

Our admiration for Streeseeman grows steadily. The victor in the past fortnight's haggling is not England which receives 59 per cent of it's demands from the other allies, but Germany. Each and every country, France, Belgium, Italy, England, promised political concessions to Streeseeman for his promise to be neutral in the present embroilment over the Young plan. The man who comes off with the largest portion of the pie is not Snowden, but Streeseeman. He secured early evacuation of the Rhine, concessions in the Ruhr district and saved his country many millions.

Who said cats are dumb? A Kenilworth, N. J., man took his prize Maltese to his summer home 210 miles away. The cat did not like the summer resort and walked the 210 miles back to its New Jersey home.

Last week Potpourri mentioned a record golf drive. This week papers record one better. The drive was 158,400 yards, count them. 158,400. The golfer down in Texas where distances are distances, drove a high ball that landed in an airplane taking off from a flying field.

At last it has come. That which cartoonists have pictured for years now has become a reality. One of the oil companies, The Texaco, has established Air Gasoline and oil filling stations. Refueling planes will supply airplanes in all large cities.

Well, next Tuesday parents will begin to do the homework. No we didn't make a mistake. We said parents and we meant it.

Farmology in Tuesday's paper insists that all work and no play makes Jack a dull boy—but goes a long way in making him a successful man. A much briefer way of saying the same thing is: All work and no play makes jack.

TO SPEAK ON WORLD FRIENDSHIP

Founder of League in Schools to Explain the New Plan

The president and founder of the School World Friendship League, Mrs. Helen Schliemann Evans, is spending a few days with her son's family in Arlington Heights, after a very interesting trip to France, Switzerland and Germany, promoting the work of the league in Europe.

Mrs. Evans, whose husband was pastor of churches in Waukegan, Woodstock, LaGrange, and Chicago, is now actively engaged in teaching in California. With a great desire to do something for the cause of world peace, she worked out a simple and practical plan for doing what all peace advocates agree is vital, to train the children in right ideals of peace and brotherhood among all peoples of the earth.

Important results have been observed by teachers who have used the very simple organization plan, Mrs. Evans' plan, for the training of whatever race or origin, better spirit on the playgrounds, more interest in studies as they are woven in with appreciation studies of other people and other lands, improved understanding of the wrongness of cruelty whether to animals or mankind, and the utter folly of war.

The education of the children and young people of the world is the most important factor in world peace, educators are agreed. The young folks should know how important they are in this vital crusade.

To Speak Sunday

Mrs. Evans has been asked to speak a few minutes at the morning service of the Methodist church next Sunday, on the need for and possibilities of education for peace. Coming as she does from attendance at the recent convention at Geneva, of the World Federation of Education associations, meeting representatives of 26 different nations there, and a warm response in France and Germany from many most interesting people to the School World Friendship league, her talk is expected to interest keenly those who believe in peace and would like to see it promoted most effectively.

Mrs. Evans' college education was received at Northwestern and California universities. She is a cousin of Dr. Henry Schliemann, the discoverer and excavator of the site of Homer's Troy.

TO ENTERTAIN COMMUNITY ON FOUR NIGHTS

Three Musical Organizations to Play Each Evening

DANCE FLOOR WILL BE LARGE

Valuable Awards to be Made by Local Merchants; Association Sponsors

The Arlington Heights Booster carnival will open in a blaze of color next Wednesday evening at Davis street south of the railroad parks. Festoons of colored electric lamps will be hung across the street. The Arlington Heights Municipal band will play each evening.

A large open-air dance floor, 40 by 60 feet is to be constructed, for a "Bowery" dance arrangement. Hats the Sergetzoff Superb Saxaphones will play.

And if this were not music enough, the "Little German Band" from WLS will serve as wandering minstrels to entertain the crowds, with the old-fashioned street music that gave spice to life in the "good old days."

Along the street will be features in variety to please and entertain. Two corn games will have electrical amplifiers for the announcement of numbers. There will be numerous games of skill. Hams, bacon, Indian blankets, etc., will be offered at the booths.

Awards will be made each evening by the merchants; and grand awards, a \$450 Zenith radio, a \$175 parlor suite, and \$125 electric washing machine on the final Saturday evening. The Booster carnival will continue Sept. 4, 5, 6, and closing the 7th.

The fair is intended to help to build community spirit. This is a good opportunity for people to renew and strengthen acquaintances and especially to become more familiar with local enterprises and cooperate with them.

The Business Men's association, who are sponsoring the carnival, met Wednesday evening at the club rooms to iron out details.

TO SPEAK ON WORLD FRIENDSHIP

Founder of League in Schools to Explain the New Plan

The president and founder of the School World Friendship League, Mrs. Helen Schliemann Evans, is spending a few days with her son's family in Arlington Heights, after a very interesting trip to France, Switzerland and Germany, promoting the work of the league in Europe.

Mrs. Evans, whose husband was pastor of churches in Waukegan, Woodstock, LaGrange, and Chicago, is now actively engaged in teaching in California. With a great desire to do something for the cause of world peace, she worked out a simple and practical plan for doing what all peace advocates agree is vital, to train the children in right ideals of peace and brotherhood among all peoples of the earth.

Important results have been observed by teachers who have used the very simple organization plan, Mrs. Evans' plan, for the training of whatever race or origin, better spirit on the playgrounds, more interest in studies as they are woven in with appreciation studies of other people and other lands, improved understanding of the wrongness of cruelty whether to animals or mankind, and the utter folly of war.

Mrs. Evans' college education was received at Northwestern and California universities. She is a cousin of Dr. Henry Schliemann, the discoverer and excavator of the site of Homer's Troy.

ARLINGTON HTS

Harry Fairchild and his family were out from the city Sunday to meet his sister, Mrs. Waide in the family group in the L. B. Wayman home.

Mr. Herman Beitz is taking his first vacation in years by visiting his mother and brothers at Los Angeles, Calif.

Mrs. H. W. Friesen on West Campbell street entertained a group of 28 ladies, old time friends Friday last week to meet her sister, Mrs. Grover Sammenberger formerly Miss Emma Schulenburg from Ohio.

The Misses Russell have returned from their summer vacation and with all our busy teachers are preparing for the opening of school. Mr. J. P. Hausam, his son and

his daughters returned some time since from a pleasant August vacation trip east. Among other points of interest visited Mr. Hausam made his first visit to our national capital which he has been willing to let other great men run. The family enjoyed their trip and came home ready for their several lines of work.

Mrs. Helbrich and son from Chicago were guests of Mr. Theodore Cuny's family Wednesday evening last week.

Mr. and Mrs. Howard McWharter and their two little sons are guests of his brother, C. E. McWharter and family. They drove from their home at Ashland, Ky., a distance of over five hundred miles, arriving here Monday night. Mrs. Krause and daughter from Chicago visited Mrs. Fred Doehring last week Saturday.

A. V. Crisler his wife and two daughters drove over from Glen Ellyn to visit his sisters, the Misses Crisler and Mrs. Haynes and Miss Taylor Tuesday. Mr. Crisler speaks of the grain crop as good over in DuPage county.

Mrs. Margaret Harris and her daughter, Miss Sarah, entertained a group of ladies at a luncheon given in honor of Mrs. Marvin Harris Friday last week.

Miss Celia Hausam will resume her music classes next week with the opening of the schools.

Miss Evelyn Rau and her brother with other friends went to Chicago Wednesday morning to watch for the Zeppelin.

Mr. and Mrs. B. U. Hills and Loraine returned Tuesday evening from an outing spent with some of their city friends at Paw Paw Lake, Michigan.

Mrs. Joseph Roth entertained a party of the little friends of her daughter, Louise, in honor of her ninth birthday Saturday, August 24th. All manner of things children enjoy in the way of games, play and refreshments were provided by the child loving hostess. And certainly Louise's 9th birthday will be always to her a pleasant memory.

Mr. and Mrs. Arthur Wiese will leave first of next week for their vacation in northern Wisconsin.

Mr. J. S. Williams and daughter are returning this week from a vacation trip to the Black Hills. Before taking this trip Miss Williams had been on a trip down south.

Mrs. L. B. Wayman entertained a family group to meet her sister, Allie and husband, Rev. and Mrs. Wm. Waide Sunday.

A farmer friend who returned this week from a trip up through Iowa and Minnesota says the crops are fine in that part of the country.

The O. M. Johnson family enjoyed a fine day's outing trip Sunday. They visited Joliet, Mooseheart, and other places along their route.

Mr. and Mrs. Richard Lorenzen and their daughter, Dorothy of Chicago are spending their vacation at Powers Lake, Wis.

Fair continues over to Labor Day next Monday.

Booster week follows. Misses Martha Geffert and Margaret Guenther have returned home from a vacation at Lake Geneva, where they acquired fine coats of tan, and real tan, if you please.

C. M. Behrens was seen in Arlington Heights Wednesday but he is not yet back from his vacation, he informed the editor. He was here incognito and does not officially arrive back in his office until next Tuesday. Thus the editor was cheated out of that secret vacation trip story. When C. M. left for his vacation, he failed to tell his partners where he was going. He has been worrying about it ever since, and finally, he rushed back to see if the town was still here and if the boys had not wrecked the office while he was gone. The so-called boys had been doing more business while C. M. was away than when he was home, so he jumped out again and will be back behind his desk next week.

Julia King's home made candies are sold at Heidorn's Sweet and Eat Shop.

Before selecting your new radio come in and hear the new Victor radio. Maria Beulah Schaefer, 1436 Miner St. DesPlaines, Ill.

Mr. and Mrs. Wm. J. Hausam and two daughters have just spent a few days at "The Dells," scenic resort near Kilbourn, Wis.

Mr. and Mrs. Ed Foley and daughter, Loraine, took Billy to the Boy Scout camp at Hickory hill near Edgerton, Wis., Sunday.

The Duncan family who have been residing in one of Mr. Heinrich's flats have moved to Norwood Park.

Mrs. Hannah Whiting of Omaha, visited her relatives, the Crane families a few days last week.

Miss Margaret Haseman left on Sunday by boat for Muskegon, Mich., to be a guest of the Enkelman family there a week.

Lincoln Crane accompanied by Clifford and Doris and Herman Toepfer left Friday evening by car for Ogallala, Neb. Mrs. L. Crane who has been there with her daughter, Clara (Mrs. Wilbur Goodrich) will return home with them in a week.

Schools open Tuesday, September 3rd.

Mr. and Mrs. Levi Wayman entertained all their children and the Lorenzen, Rau and Waide families at supper Sunday evening.

The opportunity you've been looking for, one slightly used player piano good as new. Price \$225, including 50 rolls of music. One slightly used Kimball piano, good as new, fine walnut case, price \$125.00. Maria Beulah Schaefer, 1436 Miner St. DesPlaines, Ill.

Mrs. Cordes attended the funeral of a relative at Palatine Wednesday.

Schoolmaster Landeck returned with his family first of the week from a vacation trip.

Mr. and Mrs. Simon Mitchell entertained Prof. and Mrs. V. I. Brown and their son Ernest and wife, as dinner guests last Sunday.

Our town received a terrible shock Tuesday morning when the word was spread abroad of the tragic death of Mr. Steve Brodman who was killed by a train at the crossing on his way to work.

The Dorcas society of St. Peter's church enjoyed an outing at Deer Grove Wednesday. After a happy carefree day these efficient ladies got home in time to get supper for their families.

Mr. and Mrs. Marvin Harris are now living in one of the Krause apartments on Campbell street.

From now on this is fair week.

Miss Evangeline Courtney an associate teacher with Miss Dorothy Noyes in Rhineland high school, has been a guest in the Noyes home the past week.

Mr. and Mrs. Henry Rascher from Buckley were visiting their relatives here the past week.

Mrs. Flodine and Mr. Herbert Ackley received word of the death of their uncle, Mr. Schuyler Willey at his home in LaGrange Monday.

Mrs. Augusta Garland who had been visiting friends in DesPlaines and Park Ridge returned home this week.

The Methodist Mothers Club will meet Wednesday, Sept. 4, at 7:30 at the home of Mrs. George Dobbins, 306 S. Walnut street. Roll call response, current events, program topic, "Protection for the Home." The hostess will be assisted by her daughter, Mrs. Elmer Klehm.

Wringer rolls for your washer or hand wringer. Charles F. Scherf, phone 126-J. (9-20) F

Fall activities of the Methodist church are being resumed and will be going full blast in about a week. The Men's club will probably meet Monday, the 9th. The Women's Foreign Missionary society held their annual meeting Monday afternoon, and the Gleaners met in the evening to plan their year's work. The Leagues will begin in about a week. The choir is already steamed up.

Mr. and Mrs. Silas Masten and daughter, Elma are moving to Carrollton, Ill., where Elma is teaching school.

"Announcement—Miss Celia Hausam will resume her piano classes with opening of school. Phone Arl. Hts. 68-M. (8-30) F

Mrs. Alice Eckerson, mother of Mrs. John T. Meyer, of West Wing street, passed to a higher plane of understanding, Tuesday, Aug. 27.

The American Legion auxiliary will give their regular monthly Tuesday afternoon party, Sept. 3, at Legion house at the corner of Campbell and Chestnut streets.

Mr. and Mrs. Homer W. Evans and family, North Ridge avenue, returned home Monday night from visiting many Evans relatives around West York, in Crawford and Clark counties, Ill. They visited the old homestead of Benjamin Evans, who came to Illinois in 1816 when York was an Indian trading post. The house is gone, but the old log barn of huge square-sewn timbers is enclosed by a larger structure and in a wonderful state of preservation. Benjamin Evans was the father of 18 married children. Mr. and Mrs. Evans stopped off at "The Shades" and Turkey Run State Park near Marshall, Indiana, and enjoyed the gorgeous wild scenery of these places. At "The Shades" they walked about the top of a cliff 210 feet high over the Rock River, and for about one-fourth of a mile along the face of the cliff, with a 155 foot drop below and 55 feet of sandstone overhead.

South Side Breezes

STOP! LOOK! LISTEN!

Lets make our South Side stand out, folks! If you're going places and doing things, we want to know about it. The South Side Breezes are growing, lets make them grow still more. You're the ones to do it. Anyone wishing to contribute to this section, kindly call 517-R. There's their old saying, "A merry heart makes a cheerful countenance." Here's a tip to the people whose hearts may be sad.

IF YOU SMILE

The man with a smile. In the midst of a trial, Will never suffer defeat; He may fall many times, As upward he climbs, But he'll always fall on his feet.

The man with a smile. When he meets denial, Will win in some other way; He will press his suit By some other route Till he turns the "nay" to "yea"

The man who will smile Will reconcile Himself and his friends to fate, He will not quail He can smile and work and wait.

Big Ears!

Mr. and Mrs. Thomas A. Pops and family spent Sunday in Joliet visiting Mr. and Mrs. Frank Waldheim.

Miss Genevieve Krahl left Monday to visit relatives in Brighton Park and Maywood before school starts.

Mr. and Mrs. Lester Dobbins left Saturday evening and drove to Champaign, Illinois, where they will visit Mrs. H. C. Smart. From there they plan to visit relatives near Indianapolis, Indiana, returning in a week or so.

We're sorry to hear that Miss Ione Gounis has been ill at her home on South Mitchell. We hope that she will be well again soon.

Mr. and Mrs. Nikolous Weizmann living on Campbell street, left Monday and motored to Lake Superior where they will stay for a month or more.

Mr. and Mrs. Charles Compton and their little son, Buddy, were guests at the Barrett home on South Mitchell street, Sunday. They had an indoor picnic—lunch "n' everything!"

Mr. and Mrs. Carl Newberg spent Sunday at the Turners Camp on the Fox River.

The South Side wishes to extend it's deepest sympathy to the Brodman family on South Evergreen, in their recent sorrow.

Mr. and Mrs. Carl Newberg spent Sunday at the Turners Camp on the Fox River.

The time is not far distant says Harry Schlenker when the fully equipped auto will contain a radio. Some enterprising car owners are not waiting until the manufacturer's place sets in the cars, but are installing them themselves. "I have been called upon to aid in this work and find that it is not difficult to get good results although for some reason, the aerial must be just right."

Mr. June of the June market has placed a radio in his Pontiac and gets quite a kick out of the contrivance.

Mr. and Mrs. Frank Zinn and family returned to their home on South Walnut, Sunday from Oxford Mills, Iowa, where they attended the funeral of Frank Shindea and visited relatives.

Mrs. G. Green of S. Evergreen street, is visiting in Alton, Illinois.

Mr. and Mrs. P. H. Kelly living on South Walnut street, left Saturday evening for Detroit, Michigan and are expected home the first of September.

Mr. and Mrs. Elmer Hasemann had a gathering of thirty relatives at their home on South Mitchell, Sunday afternoon and evening, to witness the baptism of their little son, Kenneth Elmer Hasemann.

Mr. and Mrs. James Hetherington of La Grange, Illinois, spent Saturday and Sunday at the Hetheringtons on South Mitchell. The former are moving to Dundas, Illinois Saturday.

Mr. Calvin Mitchell received word of the death of his brother's wife, Mrs. C. E. Mitchell, at Effingham, Illinois, he, with Mr. and Mrs. Presley Neville, drove down for the funeral, Wednesday.

Harold and Mary Gusmer returned home Monday after a week's visit at Pells Lake, Wisconsin. Their aunt, Mrs. Van Burgen of Chicago accompanied them.

Mr. and Mrs. L. E. Reid of Danville, Illinois, are visiting the Hetheringtons this week. They will probably return to their home Thursday or Friday, taking their little son, Russell, with them.

Mr. Joseph Krahl of South Mitchell street is spending this week in Monrovia, Wis.

Mr. and Mrs. H. E. Hauer and family and Mr. and Mrs. Albert Holmes and family, all living on W. Campbell are going to Fox River Grove Thursday for a two or three day outing.

Yoid Dobbins living on South Walnut is in Wisconsin now enjoying the sports at a Boy Scout Camp.

Mrs. W. Grismer entertained relatives from Chicago, Monday. Mrs. Dan Le Bar and Mrs. Johnson and daughter, Marian, of Chicago, were guests at a dinner at the Grismer home on South Highland, Tuesday.

Miss Alma Masten and her parents, Mr. and Mrs. Silas Masten are moving Friday down in Carrollton, Illinois. Miss Masten has accepted a position as teacher of the Mount Pleasant grade school at Carrollton. Our best wishes go with the Masten family in their new home.

Mr. and Mrs. Carl Newberg spent Sunday at the Turners Camp on the Fox River.

The time is not far distant says Harry Schlenker when the fully equipped auto will contain a radio. BIRDS PREFER WEATHER-BEATEN ROUGH HOUSES

Whether driving along village streets or county highways you will see many bird houses on sturdy posts set straight and rigid. And have you noticed the pretty designs and paint decorations? In every way there is as much difference in the old time bird house of generation ago and the present as there is in the old shanty and the modern model home; but, alas, birds do not approve of the change. Experts advise to use old weather beaten boards and no paint if you want the feathered friends to acknowledge you; good efforts.

At second thought this question arises: Are these houses really intended for the birds or are they mostly to decorate our premises?

Or, if home made, do we like to show our skill? Then, quite often, you will spy a bird bath on the rear lawn and very ornamental they are, but mostly without the water because they are so shallow that the little amount they hold soon evaporates. They should be deeper and have a few proper sized rocks placed in the bowl. Have you ever experienced now some birds come near you when sprinkling with a hose at mid day in hot weather?

But as you drive along or stop to admire some pretty lawn, flowers and well kept grounds, how many feeding shelters have you noticed? In the winter, when the birds need a friend, have you been there with the goods, to give a little in return for all the insects they picked for you and for the pleasure you got all spring and summer as you watched them on the lawn while eating your breakfast?

We really know of only one feeding shelter and that is at 122 S. Highland avenue and Mrs. Christine Luetzler Kern raises a long, long row of sunflower seed to feed the birds in winter.

Winkelman's Tire Shop Moves To New Home; Hold Big Tire Sale Sat.

Elroy Winkelman is moving his tire shop into its new quarters, next door south of its former home this week. He is taking the place recently vacated by the fruit store, which is ideally arranged for his purpose. Mr. Winkelman considers the growth of his business as much an achievement for Goodyear tires as he does for the service that he provides the autoists of the community and in cooperation with that organization a special one day tire sale at very special prices, has been arranged for Saturday.

The new quarters provides ample store space for display of stock, etc. He is also planning a waiting room for the use of the ladies while their autos are being serviced.

The work shop consists of four rooms, each devoted to a particular purpose. The battery room, away from tire dust has special quarters as well as the tire shop, the vulcanizing room, work shop and store room. If there ever was such a thing as a tire king, Winkelman would probably win that title and he has as much enjoyment in fitting up his new quarters as with a new car. You had better look into those tire bargains, when you visit his shop.

Don't Forget THE ARLINGTON MARKET when you want MEATS WE DELIVER Arlington Market Former Chidley Place Phone 46

Do you know any car of its price that matches America's finest medium-priced automobile?

Read the chart comparing today's Oakland All-American Six with twenty other leading medium-priced cars. Thirteen of these cars are higher-priced than Oakland. Yet despite this fact, in 278 individual comparisons Oakland is definitely superior on 451 or 51.37 per cent. And the competing cars, all combined, are able to equal Oakland on only 382 or 43.50 per cent.

Let us show you the detailed results of these comparisons—all serving to substantiate the statement that today's Oakland All-American is America's finest medium-priced automobile.

What these features mean to you	How Oakland compares with the field
PISTON DISPLACEMENT Large piston displacement is needed to develop high power at moderate engine speed. Moderate engine speed is an important factor in the life of a car.	Oakland's 228 cubic inch piston displacement is greater than 12 of the 20 cars in its price field. Of the 8 remaining cars, 7 are higher priced than Oakland.
FISHER BODY No name in automobile coach building means so much as Fisher. Fisher bodies are famous for style, luxury and roominess. In addition, they hold such advantages as sturdy composite hard-wood and steel construction, VV windshield, side cow ventilation and adjustable drivers' seats.	Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.
WHEELBASE Reasonably long wheelbase gives greater riding ease and road balance. Also permits use of longer, smarter, roomier bodies. At the same time, a small turning circle is essential to handling ease.	Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

Oakland All-American Six, \$1145 to \$1375, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Lowley Hydraulic Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. Oakland Pontiac delivered prices include only reasonable charges for handling and for financing when the G. M. A. C. Time Payment Plan is used.

Rev. and Mrs. Waide At Presbyterian Church Here Sun.

Rev. and Mrs. Waide returning from their vacation visited relatives and friends in Arlington Heights over the week-end.

Rev. Waide occupied the pulpit of the Presbyterian church Sunday morning. His sermon was on "Bearing our Cross." He explained the difference in bearing affliction or suffering persecution—or any suffering in this life, which we cannot avoid, but bear and suffer because we must is not bearing the cross as our Lord bore His—from choosing to bear it for humanity's sake. "Take up your cross and follow me," meant choose to bear the cross for Christ's sake, he said. It was a beautiful and informing treatment of his theme, and evidenced the advance Rev. Waide has made since we first heard him preach. Also it gave proof that he has drawn nearer to the Divine Teacher, and learned and been blessed and taught by Him.

In the service Mrs. Waide, whom we knew and loved as Allie Fairchild, sang one of the old gospel hymns, we loved to hear her sing in Endeavor and church service in days gone by.

In Sunday school, Endeavor and in the choir her voice was heard always a cheerful worker for the Master.

It was in 1912 answering the call for workers in foreign fields, Miss Allie Fairchild went to India. There she met and married Rev. Waide, also a missionary. In 1920 she, with her husband returned to America and to her home town for a visit.

Since then they have served the Presbyterian churches at Radisson, Conderay, Winter and Draper, Wisconsin, from 1922 to 1926. Since March, 1926, they have been at Carlton, Minnesota, 21 miles from Duluth, serving Carlton, Benson and Atkinson, Presbyterian churches. Their vacation trip took them to Philadelphia. She visited friends who had been in India with her at Indiana and Carlisle, Pennsylvania. Joining her husband in New York they met several people they had known in India who were returning for their third term. Certainly a busy and faithful service.

Their many friends in Arlington Heights follow with their prayers and hope their work for the Master may be greatly blessed to them selves and to those unto whom they carry the gospel message.

Oratorio Chorus Is Discussed for Arlington Hgts.

The Herald has heard from a number of the lovers of sacred music during the last few months about what a fine thing it would be for the community, singer and hearers to form a large musical organization early this fall and give later a gala concert with some oratorio like Mendelssohn's "Messiah," Handel's "Elijah," or Gounod's "Hallelujah." After singing in the "Messiah" for seven years in succession two newcomers miss such an organization in Arlington Heights.

One singer has made the statement that he had sung in this great work for 28 years, and got more of inspiration and enjoyment of its majestic beauty every year.

Let us have an oratorio in Arlington Heights this winter. "The Messiah" or "Elijah" require at least sixty voices in the chorus, which number need not necessarily be secured at the outset. Des Plaines gave a remarkable performance of "Elijah" two years ago, with about 110 voices, under the able leadership of Theodore Kratt, and actively supported by good publicity. The Herald will be glad to assist in any movement of the kind in Arlington Heights.

A movement of this kind would be a benefit to choir singers—and others that like singing—in giving a development in ability in sight reading, vocal attack and interpretation of musical composition. This might help to raise the standard of congregational singing.

Usually at a final performance oratorio enthusiasts are glad to come over and augment the chorus.

"Proverb"
The definition of a proverb is a "familiar and widely known popular saying in epigrammatic form."

Rev. and Mrs. Waide
ANNOUNCES THE OPENING OF
Its Sixty-Ninth School Year
TUESDAY, SEPTEMBER 3, 1929

A complete course is offered in all the elementary subjects in accordance with the state curriculum. Graduates are accepted by any high school of the state. Special emphasis is placed on the training of character by means of thorough religious instruction and discipline.

Educational and Religious Leaders Agree
—that the real aim of education is character building;
—that where character building is neglected even the best of schooling is incomplete;
—that it is impossible to build character without religion;
—that religion must not merely go before or come after the daily education period, but must be made an essential part of the whole education system.
—that only the church can give adequate and effective religious training.

Smooth-Working High School Result Of Planning Ahead

How are classes made up at the high school this fall? Are they made up altogether from students' registrations Tuesday and Wednesday when school starts? No, the rolls of classes and sections were practically complete early in the summer.

This is how it was done: Before school closed, undergraduates were given blank cards to fill out, showing what subjects they wished to take in the fall. A tally sheet for each subject was made from these, the tally showing how many sections are needed in each subject. These sections were put on a weekly schedule, and the pupils spread over the schedule for the convenience of each, and to avoid having two subjects fall on the same hour. Thus the classes and sections were made up months ago, and teachers' work planned.

Teachers will be at the high school Monday, completing the organization of the year's work.

Daily program cards are now made out for each coming pupil. Beside this, each one gets a card laying out a daily-weekly program of study hours, which is purely suggestive, but intended to be a help to him in organizing his school work.

Principal V. I. Brown and Miss Margaret Helwig, the secretary, have been working the week getting the necessary supplies ordered so that everything will be on hand.

Used text-books, in good condition were bought back from pupils last spring, and may be repurchased at the school at a saving of one-third to one-half what new ones would cost.

Lowest Known Wage Scale
The wages of sin are about the same year after year.—Atchison Globe.

Back to School Sale

SEND THE PUPILS HERE FOR THEIR School Supplies

A special "Back to School" week sale is now in progress. Big values for little money. Send them to school fully equipped to start work.

ZIMMER & KESTLER

Arlington Heights

Mt. Prospect Travelers Entertained in Iowa

Mrs. William Soenksen and daughter, Eileen of Mt. Prospect and Miss Emily Schaeffer of Des Plaines, accompanied Edw. Mueller of Arlington Heights to Griggsville, Iowa to visit at the home of the former's aunt and cousins, Mrs. Lillie Mueller and family.

On Sunday a dinner was given for the guests and group pictures were taken.

In the afternoon all went sight seeing and one point of interest was Sand's Hill, one of the large Iowa hills. On their way home they drove out to Avoca, Iowa, to see Mr. and Mrs. L. Olson, formerly of Mt. Prospect, and returned home Tuesday at 6 p. m. tired but happy.

New Tailor Shop for Arlington Heights

I take pleasure in announcing that after several months service in the tailor shop of Adolph Koehler, I have opened my own shop in the Hagenbring building, one door south of the Vail Food Shop.

Fall Patterns

of the latest suitings are ready for your inspection. I am acquainted with the high class of tailoring that the careful dressers of Arlington Heights desire and I can give it to them, insuring delivery on time at prices most reasonable.

Opening Saturday

I officially open my shop Saturday, August 31 and in honor of which event, I am making for that day only special prices on dry cleaning as follows:

Men's Suits \$1.00
Ladies' Dresses or Coats \$1.50

CHEMISTRY TO BE TAUGHT HIGH SCHOOL

While chemistry has not been taught before in the Arlington Heights high school, Mr. Thomas Wilson has thought to teach it this year to a moderate number of pupils of the senior class, and without going to much expense for equipment. He has received the necessary supplies to start, retorts, burettes, reagent bottles, etc., which will be kept in the physics department. Physics tables will be used, and a sink will be borrowed from another department.

Out of \$500 appropriated for science work for this year, \$420 have been spent for chemistry, physics, biology and general science.

More students would be taking the course this year if it had not been limited.

The very skillful assistance of Mr. A. M. Conger, manual training instructor, has been valuable to the various science and applied science departments in their new quarters in cooperation with Principal V. I. Brown and the teaching force, in providing many handy and ingenious details in fixtures.

SEE NATURE'S WONDERS IN BLACK HILLS

Balanced rocks, "needles" of stone, magnificent cliffs, weathered into weird shapes of endless variety, pines growing on cliffs where no soil appears, petrified forests, water falls, hot springs, canyons, evergreen woods, all arranged in Nature's own landscape art, were seen in the Black Hills on a two weeks' trip ended at Arlington Heights Tuesday afternoon by Mr. James S. Williams, 925 North Duntun avenue, his daughter, Birdie, and niece, Loretta Radcliffe.

Getting out in North Dakota toward the Hills, the country was very dry, and crops suffering. The radiator getting dry, they stopped at a farm house and asked for water. "Is your car dry?" asked the lady. "Not quite," he replied. "Well," she said, "We have to carry our water 14 miles." So they went on. Mr. Williams warns any who makes the trip to carry water for drinking and for the radiator when going across the dry country. They took routes U. S. 16 and 20 out there, but would suggest taking route 40 back part way so as to see more of the "Bad Lands." The scenery is very wonderful here. From Rapid City, they went to

Sturgis and Lead, and Deadwood. Mr. Williams sees a great future for the Black Hills region, with their wonderful alfalfa, beautiful farms, good fields of grain and clover, much cattle, and markets in the mining region and westward. Woolen mills may come in in the near future and other manufactur-

Self-Confidence
Confidence in one's self is the chief nurse of manliness, which confidence, notwithstanding, doth not leave the care of necessary furniture for it; and therefore, of all Grecians, Homer doth make Achilles the best armed.—Sir Philip Sidney.

Comes Only By Saving

The difference between the rich man and the poor man is, generally, that the one saved his money and invested it wisely, while the other spent all he made.

No matter how much you earn, you will never be wealthy or independent if you spend it all. Spare time and spare money are the poor man's capital, and his ultimate success depends upon the returns from the capital.

Arlington Heights, Illinois

ARLINGTON HT'S.

PRESBYTERIAN CHURCH
North Dunton Street
Rev. H. A. Kossack had not returned from his vacation as we go to press, but he is expected back before Sunday and will conduct the service as usual. The preaching service is at 11, the Sunday school at 10 o'clock.

ST. JOHN'S EVANGELICAL CHURCH

Next Sunday, Sept. 1, is a day of vacation for the church and Sunday school.
The services will be resumed Sept. 8, the German language to be used in the service, and the Lord's supper also to be celebrated in German.

ST. JAMES CATHOLIC CHURCH

North State Road
Beginning next Monday, week day masses will be at 8 o'clock instead of 7:30 o'clock as during the summer.
Sunday services are at 8 and 10 a. m.

Be sure to read the want ads as they contain so exceptional buys.

CHRISTIAN SCIENCE SOCIETY

Dunton and Fremont Streets
Sunday school, 9:30 a. m.
Sunday service, 11 a. m.
The Wednesday evening meeting, at which testimonies of Christian Science healing will be given, will be Sept. 4 at 8 o'clock. The public is cordially invited to attend the services and Wednesday evening meetings. Parents or guardians desiring to enroll children in the Sunday school may apply to the ushers.

METHODIST CHURCH

Next Sunday is Communion Sunday. The Sacrament of the Lord's Supper will be observed at 11 o'clock.

"Peace Through Education" will be the subject of a short address Sunday morning by Mrs. Helen Schliemann Evans, president and founder of the School World Friendship League, Inc. Mrs. Evans, whose husband was a minister of the Rock River conference, is a teacher in California. She is returning from a tour of France, Switzerland and Germany in the interests of peace education; and visiting relatives in Arlington Heights, the pastor has asked her to speak as above.

High League will meet Sunday evening at 6:45. Gilbert Wesseli,

president of the North-West Sub-district Epworth leagues will be present and lead the meeting. Other cabinet officers may take part in the service. All those in high school or just entering high are urged to attend.

The choir will rehearse Thursday evening at 8 o'clock. The Men's club announcement of the opening meeting and fall program will be made to the members within a few days.

PRESBYTERIAN CHURCH

Sunday school, 10 a. m.
Morning worship, 11 a. m.
Evening worship, 7:30 p. m.
The pastor will preach Sunday morning and evening at the regular hour.

The Christian Endeavor Society will hold their first regular meeting Sept. 8, at 6:30.

Ladies Aid Society Thursday afternoon, Sept. 5.

We Preach
The old Gospel, the open Bible, the changeless Christ for a changing world.

Notes

The Rev. Alfred Maas of Ann Arbor, Michigan, will fill the pulpit Sunday for the German and the English sermon. Rev. Maas is well known in this community for his earnest and emphatic preaching. His theme will interest all struggling mortals: "Jesus the Sinner's Friend." We invite all members and their friends to hear his Gospel message either in the German or English service.

Our Day school will again open its doors September 3, to receive old and new scholars. Parents of new pupils are invited to present their children at school, and become acquainted with our faculty. All children are instructed to be in their seats at 8:45.

CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 25.

The Golden Text was, "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: Let this mind be in you, which was also in Christ Jesus. For it is God which worketh in you both to will and to do of his good pleasure" (Philippians 2:5, 13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Having no other gods, turning to no other but the one perfect Mind to guide him, man is the likeness of God, pure and eternal, having that Mind which was also in Christ" (p. 467).

Public Wedding At Elkhorn Fair

"Here Comes the Bride" She will arrive in Elkhorn accompanied by the Groom and appear before you in front of the amphitheater Friday evening, September 6.

The Walworth County Agricultural Society will furnish the minister to perform the ceremony. Ernie Young's Revue will furnish the bride's maids, flower girls, best men and the Society the guests. Practically every merchant in Elkhorn has agreed to give a wedding present, and \$50 in gold will be given by the Fair. The first couple qualifying as Bride and Groom will be the lucky pair.

Many special features are being added for the night show of the 80th Exposition of the organization. The nationally known Ernie Young Revue has been engaged for the week. Patrons will be given fireworks displays Tuesday and Friday nights. Drum Corps from Beloit, Waterloo, Fort Atkinson, and Racine will be added attractions at the night show.

All this together with the Rubin & Cherry Model Shows on the Midway, offers the public the rarest treat ever given the Fair fan of the central west.

Thrilling Scenes In "Squall"
Three home-loving men, living peaceful lives are selected as the objects of destruction by Nubi, the gypsy gale of passion in "The Squall" the First National All-Talking Vitaphone picture coming to the Des Plaines Theatre on Sunday. Myrna Loy, exotic screen player enacts the gypsy role.

Act Promptly
There is no moment like the present. The man who will not execute his resolutions when they are fresh upon him can have no hope from them afterward; they will be dissipated, lost, and perish in the hurry and scurry of the world, or sink in the slough of indolence. Maria Edgeworth.

Don't Forget
RALPH & LOUIE'S
OLD TIME DANCE
At Arlington Ballroom
Saturday Night, Aug. 31

Mt. Prospect

School days, school days, dear old golden rule days. Reading and writing and arithmetic will start Tuesday morning for all our little folks. The glorious vacation has come to an end, and we hope all our children enjoyed themselves and will start Tuesday morning with lots of pep.

There will be three teachers. The upper grade will be taught by Miss Ruth Howell, the intermediate by Gertrude Greenberg, and the primary by Miss Marion Blunt, who by her recent marriage has of course changed her name.

Little Norma Meeske had quite an accident when her finger was caught in the garage door. She was taken to the hospital and had to undergo some real pains.

Mrs. John Pohlmann entertained quite a number of her friends at a one o'clock luncheon on Friday of last week. Bunco was played and Mrs. Wm. Gummoll received first prize. The occasion was Mrs. Pohlmann's birthday.

Mrs. Fred Foelker's is entertaining relatives from Peoria for a few days.

Mr. and Mrs. R. Wasmund and family from Evanston were guests at the home of Mr. and Mrs. Wm. Busse Sr., on Sunday.

Mr. and Mrs. Prescott from Chicago were the guests of Mr. and Mrs. Fred Biermann over the week end.

Although the weather was crisp and snappy the A. L. L. outdoor gathering turned out as good as could be expected, those that were present enjoyed the interesting games and lunch which was arranged by the committee. The game hitting hubbly with the rolling pin was a scream, especially when hubbly fell apart, getting too hard a hit from one of the ladies. Mrs. Ernst Goshch was awarded with a brand new rolling pin, throwing the most pins at friend hubbly's head.

Mr. Sidney Luhmann who passed out of our midst on Thursday evening of last week was buried from the Baptist church. Mrs. Luhmann has the deepest sympathy of the entire community.

Wedding bells will ring at St. Paul's Lutheran church on Saturday afternoon.
Mr. Louis Masz gave a one o'clock lunch for several little tots and their mothers in honor of her daughter, Virginia's first birthday anniversary. She received several very nice presents.

Art Goshch had the misfortune of breaking two fingers of his right hand when cranking his Ford, Monday.

The ice cream social by the A. L. L. Monday evening, was quite a success, clearing about \$25. Mrs. E. Goshch won the rolling pin throwing contest, making eight hits out of eight chances. Jack Mueller was winner in the marshmallow contest.

Mr. and Mrs. Buelow returned Saturday from their honeymoon trip. They are making their home with Mr. and Mrs. Russell Hartwig on Elm street.

The Civic Athletics held 13 to 15 to Elk Grove Tuesday evening. These games afford wonderful outdoor exercise for the business men.

Mt. Prospect Bowlers Attention

Sept. 7 is the big day as this will be the official opening day of the bowling season in Mt. Prospect. Mr. Hopper informs the press that all alleys have been re-surfaced according to A. B. C. specifications and that the various leagues will be forming now for the winter season. If any bowler can not get to the Recreation personally for reservation a telephone call to 885 will answer.

It is hoped to have as many of the old timers in the leagues as in previous years so let's see who will get the top round and hold on to it at the ending of the season. Come on you bowlers let's see your stuff.

New Music Instructor

Miss Carrie Katz who is known to many of the residents of Mt. Prospect has entered the piano teachers profession. Miss Katz is a graduate of the Sherwood School of Music. She is well qualified to take care of the work, being competent and thorough in the many qualifications of piano instruction. Anyone desiring to secure Miss Katz' services as an instructor of piano may call her on 963-J or go to 21 N. Wille St. where further information will be given.

Did You See The Circus at the Ball Park

Well there was about as much fun at the last twilight ball game Tuesday night as one would have had at the circus with W. J. Coughlin in the pitcher's box for his team and F. J. Bierman doing the honors for the Civic Gym club. The score tells the story and it was 13 to 10 in favor of the Boorman-Coughlin fellows. However the Civic Gym club has promised to turn the tables at the game on Tuesday evening. Game will be called at 6:45 p. m. weather permitting and the same spirit of sportsmanship will again be displayed. Everyone is welcome to see and enjoy the game.

Term Long in Use

In the early days of the railroads it was customary for a train to be stopped near a stream when water was necessary for the engine. The crew carried the water in leather buckets. The practice was called jerking water. As villages sprang up where trains merely stopped for water, they were known as jerk-water towns, and small relatively unimportant railroads became known as jerk-water railroads.

Dr. Louis Koester Returns from Vacation

Doctor Louise Koester is back at her office after a wonderful trip in Europe. The educational lectures and clinics attended in many of the European cities with other Homeopathic physicians were a real benefit. The doctor is well pleased with her trip and is sure she secured much information that will help her make progress with many of her patients. The many patients of the doctor are all happy to see her again and everyone has the same expression of appreciation on the doctor's return.

Doctor Koester has won a place in the hearts of the people of Mt. Prospect that is a credit to her work in relieving their aches and pains and restoring them to health.

BIG FIRE NEARLY WIPE OUT PLANT IN BARRINGTON

The most disastrous fire that has occurred in Barrington for a long time razed several buildings at the plant of the Locomotive Terminal Improvement Co., on Laguerre street Sunday afternoon causing a loss that will run between \$40,000 and \$50,000, according to present estimates.

The fire started some time around 5 o'clock, having its origin near the southeast wing of the plant. The blaze was discovered by neighbors who gave the alarm. A watchman at the plant had gone to his supper. Cause of the fire is unknown, but it is practically certain that it started outside of the buildings, according to Spencer Otis, Sr., president of the company.

An inventory has been under way since Monday morning, but it will be several days before figures will be complete so that a definite estimate of the damage can be made. Mr. Otis said last night. The loss is covered by insurance.

Meantime the Locomotive Terminal Improvement Co., is virtually shut down. A few persons are working there this week—office employees, foremen, completing the inventory, and others clearing away the debris—but no wheels are turning in the shops. Power cables entering the plant were destroyed by the fire, necessitating a complete shut down. Work will be resumed however as soon as possible—probably some time next week.

The Locomotive Terminal Improvement Company occupies a plant covering more than 30,000 square feet of floor space. The main building has been added to as the business expanded so that there were many adjoining wings. The construction is largely of frame work, stuccoed, much of the plant being covered with metal roofs. Over a third of the plant was destroyed by the fire. The fire was well started before the fire department could reach the scene. It is the general opinion that the fire fighters did heroic work to bring the fire under control and saving so large a part of the plant. It was stated Monday that the roof over approximately 12,988 square feet of floor space had been destroyed and that about 18,764 square feet remained. Work of rebuilding the plant will be started at once, Mr. Otis said.

The leading plant, an important part of the company's activity, was housed in the portion that was burned, as was the boiler room and heating plant for the entire factory. Three trucks were consumed in the flames, with several tool trailers and portable tool boxes.

An airplane belonging to Russell Mossman, one of the pilots of the Chicago-We Will, was parked just outside of the wing of the building where the fire started. A story was circulated here this week that Mossman had received threats that if he undertook the flight to break the endurance record, his plane would be burned. This is believed to be without foundation. The wings were not on the plane and there was no gasoline in the tank. The fuselage was the only inflammable part. This was destroyed by the fire.

A second fire alarm an hour after the Locomotive Terminal Co. fire called a small detachment of firemen to Grove avenue south of Hillside, where a burning hay stack was endangering nearby buildings. The Arthur T. McIntosh company was holding a lot auction at this location at the time.

WOMAN MEETS DEATH AS CAR TAKES PLUNGE

Mary E. Hall, aged 78 years, a resident of Cuba township for 63 years, was fatally injured in an automobile accident at 8:30 last Friday night. Her death resulted a short time later before surgical aid could reach her. Roy Blue, a nephew, driver of the car, was seriously injured.

The accident in which Miss Hall was killed took place on the short north and south road in Cuba township which connects the Bennett and Durbin school roads with the Bennett-Flint Creek road. The scene of the accident was but a short distance from the Hall farm where the deceased had lived since shortly after the close of the Civil war.

Mr. Blue had his right hand and arm severely cut, several tendons being severed. He was rushed to the Sherman hospital, Elgin, in the Danielson-Willmering ambulance.

The accident occurred when the car was being driven down hill, south-bound, on the narrow, little-used road. The machine in some way got out of the driver's control; plunged down a steep embankment, grazing a concrete culvert, and was imbedded nose first in a shallow creek. Mrs. Blue, wife of the driver, jumped clear of the machine when her husband shouted to her that it was out of control. She followed the careening machine to the ditch and then at her husband's command she said, rush-

THE GREAT FAIR IS GREETED BY LARGE CROWDS

Exhibits Surpass Last Year's; Children's Day Greatly Enjoyed

SPECIAL FEATURES FOR EACH BIG DAY

Event Will Close Labor Day with Motorcycle Races; Stampede Show

The great Cook County Fair is on. True to tradition, there were clouds in the sky Thursday morning and for a time it looked as if the children—for it was their day—would have a wet time of it. Finally, the weather man realized the important occasion for the hundreds of school children in northern Cook county and he ordered out the sun and everybody was happy.

There are a lot of things about the fair this year that is along the same lines as in previous years, but there is also a whole lot of new things—so many that we cannot tell you all about them. The judging of the exhibits was in progress this morning, immediately after which they will be hung for exhibition.

The ladies in charge of the women's department report that the exhibits are even better than in other years. Men folks may not spend so many hours in that department, but that tent has many things to interest them. The Arlington Land-scape Service again has a fine exhibit and there are also a number of displays for machinery and household appliances that will hold the eye of the husbands.

The stock exhibit has some representatives of the finest herds in northern Illinois and southern Wisconsin. This display is at the west end of the grounds, but not so far distant to be overlooked.

The Junior Cook County Fair again holds its own, showing that some of the junior farmers can raise just as good crops as their elders and that the competition is very keen. A special attraction there is a glider plane, made by two Palatine young men. They have announced that the first trial to fly it will be Sept. 14.

There is one exhibit that should not be missed. It is that of the state of Illinois. It is very elaborate and interesting. Moving pictures are also given there. There are the poultry and agriculture tents and exhibits by various firms.

The great stampede show and rodeo is the big attraction in the line of entertainment. The first exhibition has not been given as we go to press but from the large company of riders and horses it will be spectacular and thrilling. The fair promises to be as popular in the evenings as during the day time. There will be fireworks and circus acts each evening, after Thursday.

It is going to be a great fair and if the weather man gives half a break will be a great success.

MILK MAKERS PLAN PICNIC

Three thousand dairymen of Lake county and vicinity are chalking up September 7, as a red letter day, when they will meet at Kendall's Park, Lake Zurich, to celebrate. This is the first annual Pure Milk Association picnic.

At a meeting held in Lake Zurich, Saturday night, Mr. A. H. Pfister was elected the general chairman of all committees. Mr. C. Bockebach was appointed grounds committeeman, and with the assistance of members, A. G. Beady, Herman Pahlman, Harry Mathews will have the grounds laid out with horse-shoe courts, base ball diamonds, and other sports as well as to provide the tables for the big picnic lunch which will be enjoyed at noon. The sports chairman, Mr. Elmer E. Reese has the program set for 10:00 o'clock and promises a gay time throughout the day. While the program is not complete it is understood that a base ball game between milkmen of the northern section of Lake county will hold first place as this game will decide the champions for Lake county which has long been contested for. An elaborate program of entertainment for children and adults is planned to keep everyone interested during the day.

Mr. H. W. Pepper and his well chosen committee will be responsible for the selling of pop, hot dogs, and other refreshments essential to the success of a picnic.

Mr. W. I. Woodin was assigned the most important of all tasks, and that is advertising. He promised to do his work so well that every dairymen and farmer in Lake county will feel that they can take this day off to get in trim for the fall farming which is now close at hand.

A large dance floor will be erected in the center of the grounds for those who will return for the big dance in the evening. Of all people who enjoy dancing the farmer perhaps does most, as he enters in-

Announces

Radio's Biggest Money's Worth-

that's why Majestic leads

Model 91 Power
Detection and the new 45 tubes plus four tuned stages of radio frequency. Absolutely no hum or oscillation at any wave length. Automatic sensitivity control gives uniform range and power all over the dial. Improved Majestic Super-Dynamic Speaker. Heavy, sturdy Majestic power unit with positive voltage ballast insures long life and safety. Early English design cabinet of American Walnut. Instrument panel overlaid with genuine imported Australian Lacewood. Escutcheon plate and knobs finished in genuine silver.

\$137.50
LESS TUBES

THERE is more quality, more precision, craftsmanship, more engineering genius, more margin of surplus power and safety in Majestic Radio than in any other radio at any price.

Yet, Majestic costs you but \$137.50—only Majestic's colossal manufacturing facilities can make possible this tremendous cash saving.

13,000 workers—each doing one thing—doing that one thing better than anyone else in the world. 1300 inspectors—eyes, ears and fingers trained to catch the slightest flaw. That's why your Majestic leaves the factory in absolutely perfect condition.

That's why every Majestic owner thinks his own Majestic is the finest instrument in the world. And it is! Hear and see the new Majestic today.

LATEST CAR MODELS AT FAIR

New in Appearance and Distinctly Individual is Dodge Brothers Six

New in beauty, brilliant in performance, exceptionally powerful, stylishly different, and with characteristic dependability, the new Dodge Brothers Six is a car that even the most critical of motorists will view with satisfaction. Advanced engineering is evident throughout the construction of this car. Features of refinement, of comfort, and of design combine to produce an individuality that makes it truly a car of distinction. To view this car is to admire it. To drive it and to feel its abundant power, to see its flexibility, its unusual ease of operation, its remarkable pickup, its comfort and its luxury, is indeed a revelation. "Here is new style in motor cars—unusually graceful body lines; pleasing color combinations; exceptional beauty; remarkable performance; and real quality—everything that is to be desired in a really fine automobile," says Mr. Melzer of the Melzer Motor Sales.

When you haven't enough air in your tires, your car rolls more on the road. This puts an increased burden on your engine, which means more gas and less efficiency.

The auto tent at the Cook County Fair is one of great interest to the visitors. Whether or not the average man can afford a two or three thousand dollar car, he enjoys giving them the "once over." And the representatives of the various cars in the big tent are always ready to answer questions and explain the features that make their car the best buy today.

Says the Plymouth Is In a Class of Its Own

"There's a refreshing originality about the Plymouth's modish lines," says Phil Engelking, local Plymouth dealer, "which prove that low price need now be no barrier to beauty. In perfect taste, in no slightest sense bizarre, yet the slender-profile radiator—'Air-wing' fenders—gracefully arched louvre panels, windows and roofs—and other entirely harmonious features—set these long, low cars distinctively apart.

"And here, at last, is a low-priced car which not only takes you there and back—unfailing—but carries you proudly in real comfort. Every body style is full-size—(room for five large adults in the Sedans)—the biggest car in its price field, as big as cars selling at much higher prices. Broad, well-placed cushions—soft, rich upholstery—restful springs—add to your enjoyment.

Fleets of Model A Taxicabs Serve Public

Introduction by the Ford Motor Company of a taxicab as a distinct type in the line has resulted in widened sales fields both for the dealer and for the taxicab company. So many advantages have been found in the swift moving, easily handled machine over the heavier, longer cabs that taxicab concerns everywhere have been quick to accept the new models and place them in service.

Taxicabs are designed to meet emergencies, for quick trips through crowded streets, between railroad depots or between depot and hotel, and the well-known ability of the Model A as a speedy performer in traffic has led taxicab drivers to welcome its adaptation to their needs. Time saved by the passengers is also saved for the drivers. It permits them to haul more customers and so have a larger opportunity of earning.

Even Robin Flight Falls Short of Mark Made by President

Even the St. Louis Robin, which recently set a new endurance record for airplanes by staying aloft 420 hours, 21 minutes, and 30 seconds, and traveling approximately 25,000 miles in that time, failed to surpass the world record of the Studebaker President Eight, which traveled 30,000 miles in 438 hours, 46 minutes, and 55 seconds. The elapsed time of the airplane computed in minutes was 25,221 minutes, against the President's 26,326 minutes. The average speed of the plane was approximately 60 m. p. h., compared with The President's average of 68.4 m. p. h.

A Commander Six Roadster is credited by the Kansas City Journal-Post of July 9, with having set a new record between Denver and Kansas City, Kas. Studebaker covered the 664 miles in 13 hours and 55 minutes—an average of better than 47 miles per hour. More than half the trip was in a rain storm.

It is often difficult to get rid of front wheel wobble or shimmy when the trouble is in the mechanism of the car, but in many cases it is due to under-inflation of a front tire.

The Plymouth

- Style that all admire
- Size for Your comfort
- Performance that thrills
- Reassuring safety
- Quality with Economy
- The proof is in the driving.

The Luxury of The Viking Motor

The new Viking introduces distinctly new and desirable principles of engineering design to the medium-price field. This new car now makes available, at a medium price, the definite superiorities of the ninety-degree V-type eight-cylinder engine. It embodies new beauty and tailored smartness—the latest creations of Fisher artist-engineers.

The new Viking is particularly outstanding in performance. Its ninety-degree V-type eight-cylinder engine delivers 81 horsepower, with exceptional smoothness throughout the entire speed range. Its response to the throttle is remarkable, both in getaway from a standing start and in acceleration at the higher speeds. Its top speed is greater than the average motorist will use. And it provides a mighty power reserve for steep hills, long grades, and hard pulling.

The principle of 90-degree V-eight engine design permits the use of two banks of pistons to propel a short, two-plane crankshaft. The result is smooth, highly concentrated power. Power impulses in the new Viking engine occur at precisely equal and equally overlapping intervals—one impulse at each quarter-turn of the crankshaft—providing engine smoothness and performance efficiency heretofore associated with cars of much higher cost.

Because of its sensible size, the Ford taxicab provides ample capacity for the usual taxicab load of two or three persons but does not take up unnecessary road space in congested districts. The oversized taxicab, on the other hand, takes more than its share of that space and retards the movement not only of its own passengers but of others.

Ford cars have always been noted for their economical operation and low cost per mile; this characteristic quality is present in the Ford taxicab to benefit the operator.

Triplex shatterproof glass throughout means security; the six-wheel brake system means a maximum of safety; Houdaille hydraulic shock absorbers mean comfortable riding. Ford cabs offer safety and comfort; the owners of two million Model A cars know that from personal experience.

The Ford taxicab body is mounted on the Model A chassis which has a record of proved worth. Since its introduction to the public, the reliability and endurance of the Model A have been highly praised. Many of these cars have been driven 50,000 miles. Some more than 100,000 miles.

Many drivers who want to get the last mile out of old tires put them on the front wheels because they get less wear there, but this is not wise because the blow-out of a front tire is much more dangerous than the sudden collapse of rear one.

EAST MAINE

Bowling in St. Matthews Athletic club was dispensed with during the summer months, but we find as September nears that this popular sport is again about to receive its due share of attention. The members of St. Matthews League will hold their first meeting this season in the school hall, Thursday evening, September 5, 8 p. m., and all are requested to attend.

Miss Clara Geweke accompanied her aunt and cousins, Mrs. Anna Goede and daughters on a visit to the State Fair at Springfield last week. They motored down and enjoyed very much both the trip and the sights and exhibits at the fair.

Rev. J. Toepel and family were among the guests present at the wedding of their niece, Miss Malinda Koepsell of Mayville, Wisconsin, August 25. The misses Florence and Elva were members of the bridal party. Hildegarde was the charming little flower girl.

Mr. and Mrs. Henry L. Steil of Chicago spent last week end and part of this week visiting their relatives in East Maine, dividing the time between the Henry, John and George Steil homes.

Bright and early Tuesday morning, September 3 the school bells will ring merrily to summon the children back to the class rooms from their summer vacations. A new staff of teachers have been hired for the public school, Mrs. Helen White to have charge of the lower grades, and Mrs. Nelson to teach in the primary room. Both teachers come to this district highly recommended from their former schools and are assured the co-operation of the patrons of the school in their efforts to make the new term a successful one. St. Matthews Parochial school will also open its doors the morning after Labor Day. Miss Ella Gifford and Mr. Lester Sonn will be back to welcome the pupils at the opening of the new term.

East Maine Regulars Are Victors in Clash

The East Maine Juniors put up a very game though losing fight against the East Maine Regulars Sunday afternoon before a record crowd of spectators. Final score, Juniors 7, Regulars 12. The Juniors were leading for six innings at which time the score was 6-3 in their favor. But in the seventh inning the tide turned and things began to happen and before that frame was over 13 men had faced the pitcher and 9 runs had been scored by the big team, giving them their full quota of 12 runs. The Juniors added their last run in the ninth.

Elmer Rohde, led off for the regulars, scored the first run in the 1st inning but thru the next 3 rounds, Bill Selke, pitching at his best, had them in his mercy and not a man reached first base. There were two hits in the fifth by Names and J. Lehman but only Names succeeded in reaching home. Archem added run No. 3 in the sixth and then the barrage of the 7th started. Von Bergen was thrown out at first, A Moeller walked, Barber hit safe scoring Eddie, J. Lehman singled, Rohde fled out for two down and Archem slammed out a two bagger. S. Lehman was given a pass to first and Rolke's offering was muffed in the field and before it could be retrieved Charley was reposing on second base with Archem and Lehman safe at home. Von Bergen added another double to score Rolke and Names walked. Moeller and Barber followed with hits but Adolph was out at the plate for the final out and the end of the stampee.

In the Junior half of the game, Jonas led off reached first on an error, M. Moeller sacrificed, Jonas going to second and scoring on Lueth's single. Bill Selke followed with a smashing two-bagger and Joey Ahrens added a single but Bill was called out at home and Joey was caught stealing so the inning ended with two runs scored. In the second there were hits by Geo. Selke, Goettsche and Jonas, while Gardner landed on first thru virtue of an error in the infield, however, Selke was the only one to score. Bill started the third frame with a hit, J. Joey followed with a triple, was nailed at the plate when George Selke's grounder was whipped in to home. George reached second safely on the play and came home on a hit by Herman Moeller. Gardner was thrown out and Goettsche struck out leaving Herman on base. In the fourth, Jonas and Moeller walked, Lueth fled out, Bill singled to score Jonas but Martin was caught between bases for out number two and Geo. Selke fled to short for the third down. For the next four innings there were no hits and no runs, Gardner being the only man to reach first base and that on a walk. In the final half inning, Olson walked, Lueth doubled scoring Olson, Bill Selke added another single but died on base when Lueth was caught stealing. Ahrens and G. Selke were both thrown out, pitcher to first.

Two base hits, Lueth, B. Selke, Archem, Von Bergen. Three base hits Ahrens. Base on balls, Selke 5, Barber 4. Struck out, by Selke 11, by Names 1, by Barber 5.

It was an interesting game and the Juniors deserve no small amount of credit for their good work. But they played just a little too hard in the beginning so that when the seventh inning crisis came they were a little tired. Next Sunday the Juniors will play Des Plaines Bluebirds, which will be the second time these teams meet this season.

"Kibitzer" at Woods Is A Delightful Character Comedy

"Kibitzer," a character comedy with George Sidney starred in the title role, will begin an indefinite engagement at the Woods theatre, Chicago, Sunday night, Aug. 25. It comes to Chicago direct from its last season's run at the Royale Theatre, New York, where it was an outstanding hit. Preliminary to the New York engagement the comedy played for two weeks in Philadelphia, where it was equally successful.

A kibitzer, in the sense generally used, is the "bottinsky" in a card game; the man who watches the game and either offers advice or finds fault. The authors of the play, Jo Swerling, a former Chicago newspaper man, and E. G. Robinson, however, have used the word in a broader sense, a person who specializes in criticism and advice but who is wary of participation in any activity, be it pinocle, prize fighting, politics, the stock market, or anything else.

The central character in the play is, of course, a kibitzer in the person of I. Lazarus, the impetuous proprietor of a small cigar store, a role admirably suited to Mr. Sidney. Lazarus knows all about stocks and horses, as well as cards, but his convictions are not backed up by money. His opportunity for riches comes when he is declared in on a stock market speculation by a wealthy man whose life the kibitzer saves by quick action in an emergency. Given financial backing and complete charge of the deal, Lazarus is a super-kibitzer, involving his friends and customers in speculation only to see the crash averted by a meek old gentleman who never klotzes and who speaks only three words. George Sidney, who stars in the play, will be particularly remembered in Chicago for his splendid work in "Welcome Stranger," which ran there for an entire season, and for his screen appearances in the "Potash and Perlmutter" and "The Cohens and the Kellys" series. This will be his first stage appearance in four years, having left the screen for a year or two because of the unrest in moving picture circles due to the activities of the Actor's Equity.

Patterson McNutt, the producer, who, last season, presented "This Thing Called Love," and before that "The Poor Nut," has assembled a score of capable players for the supporting cast. They include Anne Teeman, Jacob Katzman, Tom Madden, Eugene Powers, Roger Allen, Arthur Ross, Nat Saks, Alexis Polianov and others.

Heat From Coal and Oil
One ton of coal is estimated to equal in heat value from 190 to 215 millions of feet oil.

George Bancroft Superb At The Riviera Theatre

A new and powerful all-talking thriller is scheduled to be shown beginning Saturday, August 31, at the Riviera theatre, when George Bancroft's newest production will be seen on the silver screen. "Thunderbolt," directed by Joseph von Sternberg of "Underworld" fame, is a drama of throbbing heartbeats, carrying the audience from the heart of that strange black metropolis, Harlem, to the awe-inspiring scene of Sing Sing's Condemned Row; through the night clubs of New York's "black belt" to the "Little Green Door" where society claims its penalty for crime. The events of "Thunderbolt" are episodes which newspapers thru-out the country blazon forth daily; its episodes are the intimate details behind the curtain of these gripping events.

"Greene Murder Case" Is Coming to Uptown

With the week of Friday, August 30, Uptown Theatre patrons will be offered one of the most exciting screen programs of the year, with the presentation of "The Greene Murder Case," the thrilling all-talking version of S. S. Van Dine's famous novel of the same name. William Powell, in this as in "The Canary Murder Case," also by S. S. Van Dine, portrays the character, Philo Vance, eminent criminologist and psychologist. Eugene Pallette and E. H. Calvert have the respective roles of Sgt. Heath and John F. X. Markham, who aid Vance in solving the mystery.

Thrill follows thrill, with machine-like rapidity in this gripping all-talking murder mystery, which is eventually solved by the cunning, yet suave Vance, with the super-intelligence than Van Dine wrote into this character in his novel.

An especially colorful and brilliant stage revue will be seen during the week in prospect, with the offering of "Fifth Avenue."

Colleen Moore Talks on Screen In "Irish Eyes"

Al Kvale, master of ceremonies and jazz-knower deluge at the Oriental theatre will have "something different" in the way of stage show divestissement to offer during the week of Friday, August 30, with the introduction of America's funniest radio act, "Louie's Hungry Five," who will appear at that theater in person.

The little "Cherman" band, broadcasting nightly over WGN, one of Chicago's largest radio stations, has been enjoyed by thousands of this city's inhabitants, and has been joyfully termed by many as "assassinating of peace and quiet." The act of this comical aggregation

WHEELING DEPARTMENT

The Aug. Grewe family enjoyed a vacation trip to Crandon, Wis., last week.

Miss Virginia Gieske spent a few days of last week at the Barrington camp grounds with relatives.

Mr. and Mrs. Chas. Lemke with their daughter, Eleanor, and small niece, Marjorie Erickson, spent a week here on a business trip. The Lemkes are located at Haughton, Ia., with Mrs. Lemke's sister, Mrs. Lemke assists her sister in running a small store while Mr. Lemke is employed in Shreveport.

The Ferdinand Becker family have moved into Chicago, where Mrs. Becker expects to secure employment at teaching in order to renew her teacher's certificate.

The Wheeling Fire Department was called out on duty three times in two days last week. On Friday afternoon the call came when the Modrow residence was discovered ablaze due to an over-heated oil stove while canning. Considerable damage was done to the rear of the home before the fire was extinguished. About 2:30 Saturday a m. a passer-by on Milwaukee road noticed flames in the residence owned by A. Kuzma and now occupied by strangers. He turned in the alarm and in a short time the department was on the job. The fire had crept in between the walls and with some difficulties the fire was controlled and extinguished. The absence of the tenants also handicapped the work of the fire fighters. Late Saturday night the third call came, this also being a residence on fire several miles out of town on Sanders road.

Members of Blue Bird Troop Girl Scouts enjoyed an over night camp last week Tuesday night and Wednesday. They were granted the use of Camp Dan Beard ground and cabins to which they hiked Tuesday evening in time to cook their supper. After supper and dishes were done, their beds were spread on the cots in the cabin. A pleasant hour of songs by the camp fire passed before bed time. The night passed quietly with no adventure, but not so much sleep. The next day passed busily and happily with cooking, camp chores and games. All the cooking was done over an old door fire and if there be any question as to the quality of the meals, ask some one who knows. The camp was broken

rather reluctantly after the evening meal, with hopes for a repetition of the experience in the future.

Mrs. Ernest Garpow is away on a trip to Ohio with relatives this week.

The John Ehlers family are entertaining relatives from Minnesota this week.

Mrs. E. V. Port has been very seriously ill following a fall which she suffered at her home last week.

A group of girl friends helped Ardath Miller celebrate her birthday last Saturday. Adeline Uptadel also entertained some of her friends in honor of her birthday on the same day.

Miss Eleanor Metz was home for several days of this week. Because of certain conditions in the district, the Wheeling school will not be called next week, but will open Monday, Sept. 9.

Security
Make more than you spend and you'll have a perpetual sense of security.—St. Louis Globe.

PRESBYTERIAN CHURCH

Regular services of the church will be resumed next Sunday, Sept. 1.

Weekly choir rehearsals will be resumed on Friday evening, Sept. 6, at 8 p. m.

The Sabbath school has carried on through all of the summer with an average attendance of over 100. Herein lies the challenge to the adult membership of this, and every church. Are these children receiving thorough instruction, experience, example and fellowship, that which will help them develop strong Christian character and the abundant life? Are you actively interested? If not, and you wish to be, kindly make those wishes known. If it is impossible for you to be directly affiliated with the work of the Sabbath school, you may help by your example as a member of a Christian congregation. Young people do not need or crave a Christianity to die by, but rather one to live by. Are we, as a congregation, carrying a program of living Christian activities that will enlist the modern youth?

To Labor

We extend the good wishes of the stockholders, officers, directors and employees of this bank upon the occasion of Labor Day.

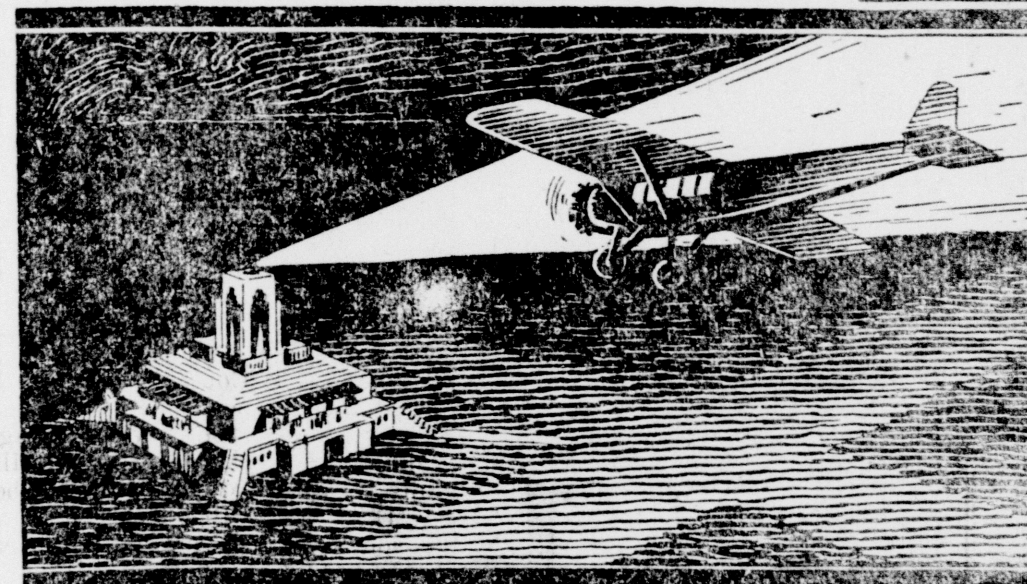

We hope that this—your day—will be a happy occasion for you all.

Wheeling State Bank

"The Bank of Friendly Service"
WHEELING, ILLINOIS

Here, the subtleties of modern illumination enhance the richness of ancient Gothic lines.

LIGHT'S GOLDEN JUBILEE

Sky Harbor—Chicago's newest aviation center—relies on proper illumination to beckon flyers and guide them to safe landing

FIFTY years ago, on October twenty-first, 1879, Mr. Thomas A. Edison announced the success of his incandescent lamp. In addition, he initiated the system by which electricity is produced and distributed for light and power. These inventions marked the beginning of widespread changes in living and working conditions.

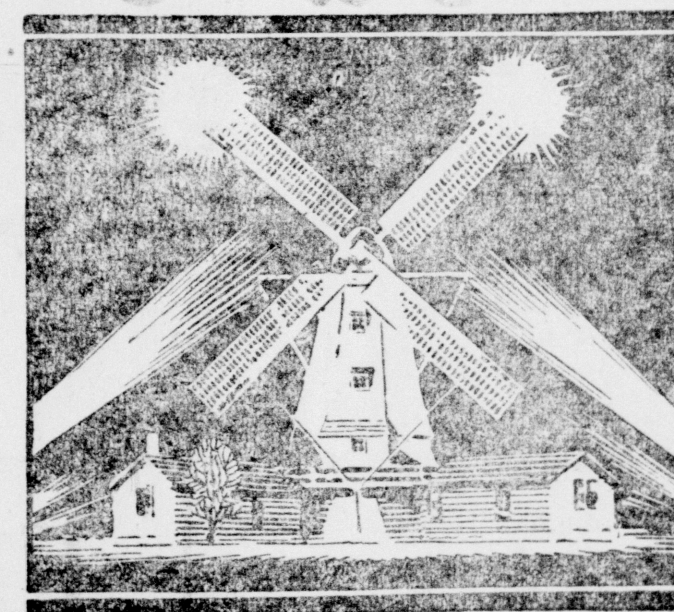

Cities have been transformed; homes have been made more beautiful, more comfortable, more healthful; travel has become more rapid, safer and more enjoyable; enlightenment has spread; amusements have multiplied; the opportunities for useful employment have been widened immeasurably; and innumerable conveniences that were unknown have become commonplace.

Never in the history of the world have the benefits of any other invention been enjoyed by as many people as are participating in the advantages that electric light has brought to mankind.

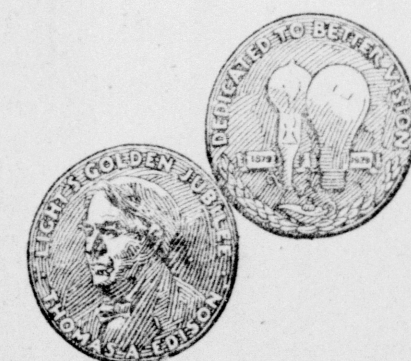

Throughout every civilized country there is reason for rejoicing because of the achievement that is being celebrated in this year of Light's Golden Jubilee.

Gold Not Only Thing
Hoarded by the Miser
No one loves a miser. He does
not consider money as a medium of
exchange, as a counter in a game,
but as an end in itself. He de-
lights to hoard it, he holds it close
to him, but never does he delight in
spending it. So have I observed men
to hoard their virtues, count them
finger them, exalt over them, yet
none escape to serve a needy world.
By this it does appear men may be
misers in other things than gold.

One of the most subtle of all
temptations is the tendency to be-
come miserly and covetous of some
prized possession. It may be phys-
ical strength, it may be beauty, it
may be intellectual power or ac-
complishment. We are so apt to
make the possession of these things
an end in itself and to forget the
more important fact that they have
been given to us for a purpose.—
Exchange.

Adjourned Without Date
"Sine die" means "without day."
For instance: when a convention
is adjourned "sine die" it means
that it is adjourned without fixing
any time for another session.

STATE OF ILLINOIS COUNTY

OF COOK—ss.
In the Court of Cook
County

VILLAGE OF TESSVILLE, ILLI-
NOIS, Petitioner,
vs.
HUGH CAMPBELL, PHILLIP
STATE BANK & TRUST CO.
and "ALL WHOM IT MAY
CONCERN" Defendants.

No. 62364

IN THE MATTER of the Peti-
tion of the Village of Tessville, Il-
linois, to ascertain the compensa-
tion for private property to be tak-
en or damaged for improving the
roadways of Sauganash Avenue
from Devon Avenue to LeRoy Av-
enue and LeRoy Avenue from Sau-
ganash Avenue to Ionia Avenue, by
the construction of a reinforced
Portland cement concrete pave-
ment, concrete curb and gutter,
concrete curb and gutter, grading
and leveling the roadway of said
construction of all necessary storm
sewers, catchbasin inlets, manholes,
together with all necessary connec-
tions and other appurtenances, to-
gether with the adjustment of all
existing catchbasins, manholes,
valves and meter vaults located
within the limits of the improve-
ment, all the Village of Tessville,
Cook County, Illinois, and
what property will be benefited by
such improvement and the amount
thereof.

IT APPEARING in the above en-
titled cause, from the files therein
and the affidavit of ownership filed
therein, on the 29th day of Aug-
ust, A. D. 1929, that the place of
residence of Hugh Campbell, peti-
tioner in the above entitled cause,
and made a party defendant
herein, is shown thereby to be un-
known, and cannot, after due and
diligent examination, search and
inquiry, be ascertained, so that per-
sonal service of process cannot be
had on him, and the said Court, by
order duly entered herein, having
directed that notice be given by
publication in the law required, in
the Arlington Heights Herald, a
newspaper published in the Village
of Arlington Heights, County of
Cook and State of Illinois, notice
is hereby given to said defendants,
and to the defendants designated as
"All Whom It May Concern," and
to all other persons and parties
named in the report and assess-
ment roll of the commissioners pre-
pared in the above entitled cause in
said Court, against whose property
benefits have been assessed therein,
to pay the cost of the improvement
hereinafter described; that on the
27th day of August, A. D. 1929,
said Village of Tessville filed its
Petition in the said County Court
of Cook County, praying that steps
be taken to ascertain the just com-
pensation to be made for private
property to be taken or damaged
for the above described improve-
ment, in said Village, ordered and
provided for in and by an Ordinance
of said Village, and to ascertain
what property will be benefi-
ted by such improvement and the
amount of such benefit, and to levy
a special assessment upon all the
property benefited by said improve-
ment, in accordance with the terms
and provisions of said Ordinance
and in manner provided by law;
that the summons in said
cause is made returnable on the
30th day of September, A. D. 1929,
to said Court, to be held in the
Court House in the City of Chicago,
County of Cook and State of Il-
linois, and that the place and
parcels of property to be taken for
said improvement are described as
follows, to-wit:

The Southwesterly thirty-three
(33) feet of Lot Six (6) in County
Clerk's Subdivision of Fractional
Section Thirty-three (33), Town-
ship Forty-one (41) North, Range
Thirteen (13) East of the Third
Principal Meridian, except that
part of said Lot Six (6) lying
easterly of a line parallel to and
fifty (50) feet West of the Easterly
line of said Fractional Section
Thirty-three (33).

The Northeastly thirty-three
(33) feet of the Southeastly
One-half (SE 1/2) of Lot Twenty-
two (22), all in Subdivision of
Bronson's part of Caldwell's Re-
serve in Township Forty-one (41)
North, Range Thirteen (13) East
of the Third Principal Meridian, in
Cook County, Illinois.

The Northeastly thirty-three
(33) feet of the Northwestly
One-half (NW 1/2) of Lot Twenty-
one (21) all in Subdivision of
Bronson's part of Caldwell's Re-
serve in Township Forty-one (41)
North, Range Thirteen (13) East
of the Third Principal Meridian, in
Cook County, Illinois.

That the total cost of said im-
provement, as shown by the Esti-
mate and report herein, is the sum
of SEVENTY ONE THOUSAND,
SEVEN HUNDRED EIGHTY-
ONE DOLLARS AND EIGHTY-
NINE CENTS (\$71,781.89); that a
special assessment has been made
to raise the cost of said improve-
ment, and that the report thereof
was filed in the office of the Clerk
of said County Court, of the said
Cook County, in the Court House
in the said City of Chicago, Coun-
ty and State aforesaid, on the 30th
day of September, A. D. 1929, and
that the proceedings therein are
now pending.

YOU ARE FURTHER HERE-
BY NOTIFIED that summons in the
said cause is made returnable to
the said Court, to be held in the
said Court House in the said
City of Chicago, on the 30th day
of September, A. D. 1929, when and
where you may appear and defend
if you see fit so to do.

DATED Tessville, Illinois, Aug.
30th, A. D. 1929.

WALTER G. HERESTER,
CLARENCE W. ANDERSON,
JOSEPH N. PROESSEL,

Commissioners
(8-30-9-6-13-20)

ROBERT W. SWEITZER,
County Clerk.

The 77th annual Illinois state
fair has been voted one of the most
successful in the history of the
state. More than half a million peo-
ple attended the largest agricul-
tural exhibition ever held in Illi-
nois. Nearly \$155,000 in prizes
were offered to exhibitors and con-
testants. Many new buildings and
a large number of improvements
marked the progress the fair has
been making in the past few years.
The present state administration
has been exceptionally interested
in the welfare of the exposition
and has done everything possible to
make it the success it has been.

Dated this 29th day of August,
A. D. 1929.

NILES CENTER

Several Niles Centers attended the Orphan Festival at Bensenville Sunday. Among them the Schoenings, Stielows, Wenzels, Ross' and W. H. Schaumburg. They also visited Mr. and Mrs. Klein (former Niles Centers) who now reside in the Old Peoples' Home at Bensenville. Mr. and Mrs. Klein are always happy to see their old friends and neighbors.

Mrs. and Mrs. Martha Kindt and Ida Harms spent Sunday evening with Mrs. Harry Heinz.

Miss Viola Kruse is slowly convalescing from her tonsil operation. Best wishes for a speedy recovery.

E. H. Harms and family returned Monday from their vacation which was spent at their cottage at McHenry.

The L. Wagners and H. Willis entertained guests at their home on Floral avenue Sunday.

Miss Ruby Drucke, who has been at the Howard street Sanitarium since February is able to sit up for an hour or so every day. We hope she will improve rapidly and that she may be able to come home soon.

The Blameuser building is being turned to face Oakton street. Quite a job to turn such a large building.

Miss Erna Koellner and Mrs. Emma Ross are enjoying a motor trip.

Several Niles Centers attended a reception in Chicago Saturday in honor of Mr. and Mrs. George Leppert (Nettie Parker) who were married recently.

Mr. and Mrs. August Lohrke visited the Gustave Gross family Sunday.

Mr. and Mrs. Charles Kindt, Mr. and Mrs. W. H. Schaumburg, Mr. and Mrs. W. L. Wolters visited the Misses Stielow Sunday evening.

Misses Rebecca and Isabel Hufmeyer of Chicago and Misses Mae and Louise Stielow left Wednesday to tour along the Illinois side of Lake Michigan and return on the Michigan side. No doubt they will enjoy their trip very much.

Mrs. Marie Kruse enjoyed a visit from Mrs. F. Detzer Saturday afternoon.

Mr. William Thiery, a brother of Mrs. Henry Maierhofer and Mrs. Herbert Baumann, was buried Saturday afternoon. He had been ill a long time and the last few weeks was in a hospital where he died. The bereaved are a wife and child, relatives and friends.

Alice Rohde, daughter of Mrs. Minnie Rohde was taken to the hospital to have her tonsils removed.

Mr. H. Koll of Sauganash and friends from Nebraska visited Rev. Detzer Sunday.

Mr. August Gross who had a painful and serious accident last week is slowly improving.

The Herman Schuett family on Galitz Ave. celebrated their annual family gathering Sunday, Aug. 25th, and entertaining many relatives and friends.

Mrs. Frank Gabriel and daughter, Lillian, have come on a trip to Detroit where they expect to stay several weeks.

Mrs. Writz of Chicago, Mrs. L. Langer and son of Rogers Park were visitors in St. Paul's park last Friday.

Mrs. Phoebe Biederstadt entertained friends at a luncheon on August 25th.

Miss Florence Schuhrke is confined to her home by a bad cold.

Mrs. F. Detzer spent a very happy afternoon last week with the dear friends, Mrs. M. Kruse and Mrs. Wm. Galitz.

Mr. and Mrs. Emil Proesel and son, were guests of Mr. and Mrs. E. H. Harms, Wednesday.

Mrs. Gertrude Baumhardt and sons, spent several days with Mrs. H. Meyer at Sylvan Lake.

Niles Center Day
A Grand Success

Niles Center Day was a grand success, both financially and socially. The parade was the biggest ever. It was 6 1/2 miles long. One of the committee stated there were 300 cars in line with 50 handsomely decorated vehicles in the lead. The floats that were awarded the highest prizes were the Oakton Park Booster Club, Louis Maier Building Construction Co., and St. Peter's Catholic school. All the floats were beautiful and the cars were nicely decorated and the parade a grand spectacle. Many old time residents came to enjoy the day with their friends. It always seems nice to see them.

Art Wellner, the honey man, with ticket series E No. E-33 drew the Chevrolet sedan, value \$750. Mr. O. W. Stangohr of 4914 Kirk street, Niles Center, with ticket series Z No. 241, which he bought about 10:15 p. m., won the 1929 Buick sedan valued at \$2,245. More about Niles Center Day in next issue of the Herald.

H. C. Paddock & Sons, publishers of the Herald group of nine weekly papers, are pleased that the ads published in these papers helped to increase attendance and make this "Niles Center Day" the biggest and best ever.

MR. O. F. BROWDER

Mr. Oliver Frank Browder, aged 73 years, a highly respected citizen of Morton Grove, was born in Ohio and came here 35 years ago to work for the C. M. & St. P. Ry., where he was a faithful employee all these years until feeble old age made him retire. He died at his home here Sunday. The funeral was held at his late home here Wednesday. Rev. R. C. Lemmon, pastor of the Christian church at Irving Park officiated.

Many friends were sorry to hear of the passing to the Great Beyond of Mr. O. F. Browder from his home on Fernald Ave. To mourn his death are his widow, one son Perry Browder of 5004 Aroyle St., Chicago, one daughter, Mrs. Myrtle Scharenberg, son in law, Herbert Scharenberg, Montello, Wis., and three grand children, Herbert Scharenberg Jr., Addis and Stanley Browder, beside relatives and a host of friends. When but a boy he was drummer boy in the army of Gen. Custer. Nothing was of more interest than to hear him tell his stories of the Indians. His presence in this community will be greatly missed. We all extend our deepest sympathy to the bereaved family.

Monarch's Logic

St. Olave, who was a Viking king once had an ungainly leecher in his train. One morning the king awoke to see that Thorarin was sleeping with one clumsy foot sticking out. When his comrades concluded their slumbers, Olave told them that he had seen the ugliest foot in all the town. He stated that he was sure there was none uglier.

So sure was the king that he professed himself ready to bet on the question. Thorarin took him up. Then, without more ado, the leecher stretched out the other foot.

"There, O King," said he, "that foot is every bit as ugly. In fact, it is uglier, for one toe is missing."

"You are wrong," replied the king. "The first foot has five ugly toes on it and this has only four. The first is, therefore, 'uglier'—Detroit News.

LAY CORNER
STONE OF
NEW CHURCH

Sunday was a great day in the history of Jerusalem Lutheran church. Before a large congregation Rev. Heidtke laid the corner stone of the new Jerusalem church and school building. Services commenced at 2:30. Rev. Kiesling of Northwestern college of Watertown, Wisconsin gave the English sermon and Rev. E. Hilmer of Kenosha, Wisconsin spoke in German. Rev. Heidtke then placed the following articles in the cavity of the corner stone, one Lutheran hymn book, one Lutheran Catechism, a history of the church, constitution of church and school, a list of the names of the officers of the church, of the building committee, of the contractors and architect, of the President of United States, governor of Illinois and Mayor of Morton Grove, an issue of the "Vote" a church paper, a Chicago paper, the Morton Grove Herald and names of the pastors officiating at the corner stone laying then placed the stone in position and Rev. Heidtke dedicated the building in the name of the Triune God, Father, Son and Holy Ghost, tapping the stone three times, which act was repeated by the other two officiating pastors.

After the ceremony the ladies of the church served a fine luncheon. All stayed and visited till evening. Among the audience many from Niles Center and town of Maine were in evidence.

CARD OF THANKS

We wish to express our sincere thanks to the neighbors and friends for kindness shown during his sickness, also for flowers and other tokens of respect shown our beloved husband and father.

Mrs. O. F. BROWDER.
SON AND DAUGHTER.

MORTON GROVE

Mrs. Will Robinson of Ferris avenue, Morton Grove, who has been a patient at the St. Francis hospital the past few weeks is improving steadily in health. Many friends hope to see her home soon.

Mr. and Mrs. Harvey Brooks and Mr. and Mrs. Ambrose Brooks spent the week end in the Brooks' cottage at Lake Wandewego, Wisconsin.

Miss Agnes Neilsen is attending the Telephone Company school in Evanston, preparing for her duties in the new exchange at Niles Center.

Miss Helen Leis who intends to become a trained nurse, will go into training September 9 at the St. Francis hospital, Evanston.

Miss Ruby Miller has postponed her departure for her home in Pecos, Texas and will spend several more days among relatives and in Morton Grove.

Miss Irene Curatt has been employed at one of the Harrison Orange huts at Howard street.

Miss Lillian Tagmeier will entertain her brother, Fred and family of Homewood, Illinois over the week end.

Rusty Neiman motored to Diamond Lake in his new Ford roadster Sunday.

Albert Guenther and family of Evanston visited at George Guenther's Wednesday evening.

Miss Irene Curatt was called to the bedside of her uncle, who is critically ill in a Chicago hospital, last Thursday. At the present time he is very low.

Mrs. John Hedges reports that her husband who is confined at St. Francis hospital is improving. He was the victim of a serious auto accident on Dempster street, Morton Grove last week.

Mr. and Mrs. Angel Orphan moved to their new home on Capulina street Thursday.

Miss Loraine Kirscht and Viola Schurecht were dinner guests of Mr. and Mrs. Rollin Kirscht Monday evening.

Mr. and Mrs. Rowan have returned from a motor trip to Niagara Falls.

Mr. W. P. Kirscht motored to Minnesota where he will visit relatives and then go to Washington, D. C. and join his wife and granddaughter, Shirley, who have been visiting there several months.

Albert Guenther and family of Evanston are staying at Lake Geneva in company with his sister, Mrs. Meyer, at Ed. Guenther's summer home.

Mrs. Joe Zika on Fernald avenue had bad luck to break one arm and hand Monday while playing ball.

Mrs. Joe Bailey and children visited at Henry Witte's in Morton Grove Sunday.

Mr. O. F. Brouder who lived on Fernald avenue many years died at his home Monday, after being sick a long time.

Mr. and Mrs. Ambrose Brooks entertained at dinner Thursday Mrs. Ella Smith and daughter, Clara, from Portland, Oregon, and Mrs. Alma Thomas, Mr. and Mrs. Gerald Newman and children of McHenry, Ill. The party spent the rest of the day shopping in Chicago.

Mrs. Smith and daughter departed for Portland in the evening.

Miss Lillian Tagmeier was a supper guest of Mrs. George Drysen Wednesday evening.

Miss Kathryn Gabel of Joliet is a guest of Miss Lucile Brooks.

Mr. George Drysen is a patient at the Martha Washington hospital where he was operated on Monday morning and is doing very well. His many friends wish him a speedy recovery.

Mr. and Mrs. Frank Baer are moving from their house on School to a new bungalow on Capulina avenue in the Valos subdivision.

Many friends were surprised and saddened to hear that Mr. C. D. Rugen of Glenview, uncle of Mrs. Fred Fuhr and Arthur Rugen, of Morton Grove, died Aug. 28, at the Presbyterian hospital, Chicago.

Mayor and Mrs. Chas. E. Mueller and son, are expected home Sunday from their summer at Chetek, Wis.

August Sonne is spending a week of his vacation with Mr. and Mrs. Troupers Support Clara.

Two-hundred performers of the famous Al W. Copeland circus unit take part in the sequences of Clara Bow's latest all-talking picture, "Dangerous Curves" which comes to the Des Plaines Theatre for two days beginning Monday.

Mr. Geo. H. Harter left Wednesday evening with his grandson, Robert, age 11 years, to visit his son and family at Mason City, Iowa a few days.

The committee of Morton Grove day celebration wish through the local press to extend their appreciation to all the people that took part in the activities of the day as well as those that took part in the parade especially those that had floats, thereby making it possible to make the parade a grand success. The committee also thank the visitors that came from far and wide to make this day a success for the village of Morton Grove.

It is the wish of the committee of Morton Grove day celebration to make this day a real home coming day.

THE COMMITTEE.

NORTHBROOK

We are glad to report that Mr. William Freese is rapidly gaining strength at home after his severe sickness at St. Francis hospital.

Mrs. Henry Therrien had the pleasure of having her brother and wife, Mr. and Mrs. Maischaider of Cincinnati her sister, Mrs. Alsip of Evanston and sister, Mrs. Hoffman of Wilmette call on her Wednesday.

A miscellaneous shower was given in honor of Miss Della Brehm at the home of Mrs. Grothaus at Techny. There were fifteen guests present who very pleasantly surprised Miss Brehm. A most delicious luncheon was served with a "flap-pie salad" as the main feature. The happy bride to be received a whole basket full of beautiful gifts and loads of best wishes. Miss Brehm expects to be married October 23 to Mr. Steven Happy at Spanish Lake, St. Louis. Many friends extend to her best wishes and good luck in her new role of life.

Card Club
Mrs. Minnie Pfingsten entertained her card club Thursday. The prize winners were, Mrs. Clara Bloedner, Mrs. Alvina Carstensen, Mrs. Martha Lorenz and Mrs. Tena Freese. After a delightful time playing "500" a delicious lunch was served. Mrs. Emilie Glos will be the next hostess.

Mrs. Dora Werhane was hostess to her card club Tuesday at her new home on Sheridan Road in Highland Park. A delightful time was had playing bridge. The lucky winners were Mesdames Carstensen, Lauer and Glos. The next hostess will be Mrs. William Freese.

We are pleased to report that Mr. Arthur Therrien, Jr., was happily married to Miss Genevieve Swanson of Evanston Saturday, August 24. They will motor thru Canada and other places of interest with their parents on their honeymoon. Best wishes and congratulations are bestowed on this happy couple.

Herman Meier and family and Mrs. Jessie Studtman attended the birthday celebration of their sister, Mary, and brother, William Langland in Chicago Sunday. A happy

time is reported.

Several friends of the Dr. L. Sintzel family have received post cards from them, reporting a wonderful time and trip.

Most of the Northbrook people have witnessed the refueling of the Endurance plane, at Sky Harbor, a very interesting sight.

St. Norbert Ladies aid met Thursday, August 22. A very happy time is reported, quilting, plans for bazaar party to be given Thursday, September 5. Every member and their friends are heartily invited.

Mr. and Mrs. Henry Therrien and sons were Sunday dinner and supper guests of their friends, Mr. and Mrs. M. R. Samp at Chicago last week.

Mrs. Brehm is reported getting along nicely since her recent operation. Her sister in law, Miss Della Brehm, is staying with her several weeks.

The John Ballweber family have rented a cottage in northern Wisconsin near Mr. John Ballweber's position and expect to stay several weeks.

Bandits Visit
Schaumburg Inn

Racketeers are reported to have made two visits to Schaumburg Inn last Saturday night. During their first visit they are reported to have shot holes in beer kegs when a bullet glanced off and grazed the head of the proprietor, Frank Lingle.

The visitors returned in the early morning hours and proceeded to smash a few windows. The proprietor can attribute no reason for the attack on his place of business.

Someone Rubbed It Out

After studying the photo diagrams in the press, Dora went out to the scene of the accident yesterday, but couldn't find the X.—Detroit News.

FAR AHEAD
The New
Firestone
Supreme Balloon
Scientifically designed for fast cars • 4 wheel brakes • easy steering • quick pickup.

THE New Firestone Supreme Balloon puts tire construction far ahead of modern driving conditions. It is bigger, stronger, more rugged and better looking than any tire that has ever been made. The cotton fibers in the cords are twisted for greatest strength and elasticity, and then gum-dipped for greatest endurance and mileage. The thicker tread provides a non-skid efficiency and a wearing resistance hitherto unknown. It is truly the TIRE SUPREME—the greatest tire of all time. Here is a tire that is "made to order" for exacting motorists, and also for those who are anticipating long trips, where the utmost dependability and uninterrupted service is essential. We cannot begin to explain all of the outstanding qualities of his wonderful engineering achievement, and ask that you drive to our service station and let us show you the greatest tire value that has ever been developed—Liberal allowance made for your old tires. Come in today!
